## PROHIS VICTORIOUS

### Saloons Are Voted Out of Birmingham, Ala.

### LARGE MAJORITY FOR ANTIS

**After January 1, 1908, There Will Be No Saloons in Birmingham, Bessemer, Ensley and Other Towns in Jefferson County, Ala.**

Birmingham, Ala., Oct. 30.—Birmingham, Bessemer, Ensley, in fact, all of the great mining and industrial district which compose Jefferson county, will be as dry as a bone after January 1st.

It was so decreed at a local option election held Monday and there is no doubting the sentiment of the people. They stamped their disapproval upon the liquor traffic in no uncertain terms

For prohibition, 5,346.

For the sale, 1,629.

And there still remain twelve small outlying precincts to be heard from. These, it is estimated, will increase the prohibition majority by at least 150 votes.

The city of Birmingham proper voted against prohibition—the majority was 302—but the country districts and industrial suburbs, including Ensley and Bessemer, returned substantial majorities against the sale, how substantial the foregoing figures indicate.

The election came after one of the most exciting and hotly contested in the history of Alabama. The campaign was waged with relentless vigor for weeks and weeks, during which time neither side showed any quarter or asked any. Prohibition was the goal of the advocates and higa license, with strict regulation, represented the contention of the an

As the campaign continued the fight waxed warmer, with the prohibitionists gaining ground steadily. The opposition fought stubbornly and persistently, however, and would not concede their defeat until Monday night.

When the news came that Ensley, where the great steel mills and furnaces are located, had given the prohis a majority of 34, the antis then admitted t ir defeat. It was then only a question of the majority.

### BLACK HAND VENGEANCE.

**When Man Balked at Crime, Members of Band Killed Him.**

New York, Oct. 30.—Because he failed to carry out an errand of vengeance, Vito Greinaldi, a member of the Black Hand Society, was stabbed to death by members of his own band early Tuesday morning in Blooklyn.

A dynamite bomb was found secreted beneath Greinaldi's coat which the police say would have blown up an entire block had it exploded. A revolver was found in his pocket. Papers found on the dead man proved that Greinaldi was a member of the Black Hand and had started to dynamite a man's home who had refused to pay tribute to the society.

Detectives say that members of the Black Hand followed Greinaldi on his mission and when he balked at his task they killed him. A stiletto lay near Greinaldi's body. There were nine stab wounds in the body.

### BRIEF DISPATCHES.

Bullion amounting to 10,000,000 has been taken into the bank of England on balance.

Rumors that the Pennsylvania railroad would lay off between 20,000 and 30,000 men was denied by high officials of the company.

The Wyandotte state bank of Kansas City, with deposits of $500,000, was absorbed Tuesday by the Commercial National bank of Kansas City. The abrorption did not cause any excitement, and was considered only as an incident.

The Western Union telegraph office in Savannah is now short but four men. It is said that little inconvenience is caused by the strike. Some of the old men have returned to work, but not all.

### SUIT FOR BACK TAXES.

**Interesting Case Has Been Argued at Washington, D. C.**

Atlanta, Oct. 30.—Attorney General John C. Hart has returned from Washington, where on last week he argued the famous "back tax cases." in which the state is alleged to be due about $1,000,000 from the Central of Georgia Railroad and Banking company. This amount includes the part which must be paid to the municipalities, too, in the event the case is won.

Judge Hart feels quite pleased over the situation and while not sanguine is hopeful that the state will win and the money be paid. The suit is to collect back taxes on 15,000 shares of Western Railway of Alabama stock now owned and held by the Georgia road, and the same amount owned and held by the Central of Georgia road, both of which are fighting the payment of the tax.

A decision is expected within the next sixty days.

### RESORT TO CANIBALISM.

**Terrible State of Affairs in Ungava Bay District.**

St. Johns, N. F., Oct. 30.—Cannibalism has been resorted to by the Eskimos in the Ungava bay district, and on the shores of Hudson strait, according to Rev. Mr. Stewart, an Anglican missionary to the Ungava. He states that owing to the severity of the weather and the unusual scarcity of game many of the natives in remote regions have perished from stravation and exhaustion and the survivors have been forced to cannibalism to sustain life.

Recently the crew of aNew Foundland vessel which was in Ungava bay discovered 30 skeletons lying unburied on the beach. It is supposed that these were the remains of some of the victims of the famine.

### LONG DISTANCE WIRELESS.

**Ship in Atlantic Passes Few Words With One in Pacific.**

New York, Oct., 30.—The Savannah line steamship City of Savannaa, just in from Savannah, while off the South Carolina coast got into wireless communication with a steamship at Panama, in the Pacific. The distance was too great to decipher more than a few words of the message the other steamship was sending, probably to some vessel within a few hundred miles of her.

The city of Savannah brought up a committe of business men from Savannah who are here to tell New Yorkers something about the booming Georgia city.

**Guards Remain in State Troops.**

Savannah, Ga., Oct. 30.—The Savannah Volunteer Guards at a meeting of the corps have decided to remain in the national guard of Georgia and abide by the regulations of the Dick bill, which at first they regarded as too onerous and remain a volunteer-bearing arms company. In the meantime a committee had consulted with the governor in Atlanta, and this committee reported that the Guards, if their military organization should be maintained, would have to abide by the Dick bill requirements. These requirements ,it was pointed out, however, were not so severe as had been anticipated. The Guards comprise four companies of heavy artillery.

**Discount Rate Raised in Germany.**

Berlin, Oct. 30.—The discount rate of the Imperial bank of Germany has been raised from 5½ to 6½ per cent is significant of the changed situation in the market here that the advance was a full 1 point, whereas the bank on Oct. 17 only discussed raising the rate half per cent. The change is directly due to New York's demand for gold, which it is feared here will lead to gold exports from Germany.

**Head of Great Plow Works Dies.**

Chicago, Oct. 30.—Charles H. Deere, head of the great plow works at Moline, Ills., who has been ill for some time, died Monday. Mr. Deere had been sick more than a year. He was born at Hancock, Vt, in 1837.

## HARDEN IS ACQUITTED

### Suit Brought Against German Editor by Von Moltke.

### VON MOLTKE PAYS COSTS

**He Sued Editor of Die Zukunft for Defamation of Character—Trial Attracted Great Interest Throught the German Empire.**

Berlin, Oct. 29.—Maximilien Harden, editor of Die Zukunft, was acquitted Monday in the suit brought against him by General Count Kuno Von Moltke, formerly military governor of Berlin, for defamation of character. In addition, General Von Moltke was condemned to bear the cost of the trial.

**Court Clique Charged.**

The trial, which began Oct. 23, attracted the greatest interest throughout Germany. Counsel for Harden charged that the court clique, of which Von Moltke was a member, was guilty of infamous practices and also had sought to exercise undue influence over Emperor William. The names of Prince Philip Eulenburg, ex-German ambassador to Vienna, and Lieutenant General William Von Hohennau, one of the emperor's adjutants, were mentioned by Harden as being members of the clique referred to as the "round table" and an army officer who had served in the Guard corps at Potsdam, testified to having taken part in orgies at the house of Major Count Lynar, which had resulted in the dismissal from the service in disgrace of the Count and Lieutenant General Von Hohenau. Von Moltke denied that such a clique as the "round table" could exist and also denied the other charges brought against him. Harden declined to withdraw anything he had written on the subject but said he did not accuse Von Moltke of crime.

**Made Verdict Easy as Possible.**

Justice Kern Monday made the verdict as easy for Von Moltke as was consistant with the conclusions arrived at. He said Harden was justified in what he had written but that there was no evidence that Von Moltke had at any time acted upon abnormal inclinations or that he knew what took place at Major Count Lynar's villa or of Lieutenant General Hohenau's behavior.

Harden, when the verdict was announced, was cheered by the spectators present in court and by a large crowd of people waiting in the rain outside. Von Moltke heard the verdict with impassiveness. The trial is already having considerable political effect. One hundred and forty socialist daily newspapers are attacking the monarchial principles with studied fury, mocking, sneering, savagely and assailing the exotic conditions which have been described as "flourishing in the hot house atmosphere of the court," where the sovereign is surrounded, the socialists claim, with companions and councilors, the corruption of whose private lives taints their judgement on home and foreign questions. The newspapers, regardless of party affiliations, printed full accounts of the proceedings and some of the influential liberal papers like the Frankfruter Zeitung affirm that it is evident that in the Moroccan controversy with France, Germany followed two policies, that of the foreign office and that of the sovereign, the latter being attributed to Prince Zu Eulenburg's influence working independently of his majesty's constitutional advisers.

**To Make 1,230 Mile Tramp.**

Portland, Me., Oct. 30.—Edward Payson Weston, the veteran pedestrian, who is to walk from here to Chicago, is ready for the 1,230 mile tramp which begins at 3 o'clock on Tuesday afternoon. "Forty years ago," said Weston, "I performed this feat in twenty-six days. My schedule for this trip is practically a duplicate of the old, but I hope to improve on it a little. I purposely started out last evening and did a 22-mile tramp to Kennebunk just to get limbered up."

### BACK SALARY FOR TEACHERS.

**Georgia State Treasurer Has Sent Out 99 Checks.**

Atlanta, Oct. 30.—State treasurer R. E. Park Monday mailed out 99 checks to pay to the school teachers of Georgia $33,000 of back salary due them. Of this sum Chatham county will receive $2,450; Richmond county, $2,270; Bibb county, $1,985; Columbus, $600, and Atlanta, $2,830.

Governor Smith states that during the latter part of October and the first week in November he will have paid out $100,000 of the back salary due the school teachers in Georgia. He is doing this by paying off the state institutions only a month ahead instead of three months ahead, as has been the custom. He hold that it is better to pay the teachers at once than to let the money lie up in local banks for three months waiting to be paid out by state institutions.

### STATE PROHIBITION LIKELY.

**Extra Session of Alabama Legislature May Pass Such a Measure.**

Mntgomery, Ala., Oct. 30.—It is thought here that the legislature, at its special session to be held next month, will take up and pass a bill to bring about state prohibition.

Speaker A. H. Carmichael has made known his intention to prese such a bill, and it is well known that he will have plenty of help to follow it up. Men who keep tab on what is going on say that Governor Comer will give comfort to such a measure, though he did not include it in the things to be taken up at the extra meeting. Opin- Birmingham makes state prohibition ion is general that the result at Birmingham makes state prohibition a certainty.

### ROBBED ON PULLMAN.

**Grip Containing $14,000 in Stock and Bonds Taken.**

Washington, D. C., Oct. 30.—The police of this city have received information that William J. Payne, of the city of Richmond Va., who is said to be president of the Newport News and Old Point Railway and Electric company, and connected with other large enterprises, while on his way from Washington to New York city Monday afternoon was robbed of a leather grip containing $14,000 in bonds and stock certificates.

The robbery was committed while Mr. Payne was taking a nap in a Pullman car in which he was riding. He believes the person who stole the grip left the train at Washington.

### DIED OF BLOOD POISONING.

**Dentist Contracts Disease in Relieving a Suffering Patient.**

New Britain, Conn., Oct. 30.—Dr. Charles Eugene Monks, 38 years old, a dentist, died Monday night of blood poisoning contracted in relieving a patient's suffering.

The man suffered from a badly diseased tooth and before the dentist could sterilize his instruments he plunged one into the palm of his hand. Bloodpoisoning immediately developed and death followed after three days' of intense suffering.

**Banks Follow New York's Action.**

Spokane, Wash., Oct. 30.—The Associated Bank of Spokane Monday night had decided to take action similar to that taken by the banking interests of New York, Chicago and other cities to protect their cash reserves. Balances between the banks will be paid in clearing house certificates and checks, and depositors will be paid by the clearing house association. The banks of this city are in excellent condition and there never was a time when the country around Spokane was so prosperous.

**Texas Rangers Expect Trouble.**

San Augustine, Tex., Oct. 30.—A force of state rangers are here awaiting developments because of the intense feeling resulting from the killing of Jack Davis, a white man, and the wounding of his companion by negroes some days ago and the subsequent finding of the dead bodies of two negroes near the scene of the shooting. Monday night Captain Rogers, in charge of the Rangers, telegraphed for more men.

## THE MONEY SITUATION

### Gold Imports Expected to Relieve Financial Stringency.

### BANKS ARE SOON TO RESUME

**Runs on the Trust Company of America and the Lincoln Trust Company Continued Tuesday in a Diminished Form.**

New York, Oct. [illegible] tance in relieving the [illegible] gency is expected to [illegible] large engagements of gold [illegible] Monday and from the [illegible] imports which, it is believed, will be made within the next [illegible] movement of American crops to European markets, together with the revival of a demand for [illegible] will give the United States [illegible] its with foreign bankers also [illegible] can be availed of in bringing [illegible] it is confidently believed, to the [illegible] extent that may be necessary.

It was announced Tuesday that several of the banks which were compelled to suspend last week have about perfected their plans to resume business. President Montgomery of the Hamilton bank, a [illegible] tion which closed last week, said: "This bank will resume [illegible] a few days—not later than Monday next in any event. It is understood also that the Twelfth Ward bank will resume in a few days."

The runs of the Trust company of America and the Lincoln Trust company continued Tuesday, but in diminished volume.

The announcement of the increase of the rate of discount by the Imperial Bank of Germany from 5½ to 6½ per cent was of somewhat unfavorable effect on the London stock market as indicating that there will be no expansion of credit at present for speculative purposes. Notwithstanding this, however, American securities in London held firm.

### A BITTER LESSON.

**E. H. Harriman on the Recent Financial Troubles.**

New York, Oct. 30.—"We have passed through a trying [illegible] have seen the stucco front of character flake away and disappear, have seen false structures [illegible] has been a great illumination and the lesson is that the sturdy [illegible] the forefathers are the best. It is a bitter lesson and my heart goes to those who have suffered, but will come of it all."

This was the way in which E. H. Harriman expresses himself in talking in his office with a friend about the recent financial [illegible] He added:

"I think the storm has cleared. I have seen many of them. [illegible] is a matter of conjecture so far as time is concerned, but it always works out eventually. I think the time is not far distant when we will look back on this present storm and then wonder why we did not pawn our watch chains and stocks."

**Eskimo a Theater Usher.**

New York, Oct. 30.—Kenelo, the Eskimos brought to this country by Explorer Peary in 1898, has been engaged as an usher by a local theater. After Kene's companions died of tuberculosis and he had finished his stay at the Museum of Natural History in Central park, the government wanted to send him back to his home, but he refused to go. He had learned to like civilization, has learned the English language, how to wear shirts, collars and ties. He can also operate an automobile.

**Battle in a Church.**

Budapest, Oct. 30.—During a church festival in the village of Kenova a conflict arose between factions in the congregation which led to the intervention of the gendarmes. A free fight ensued between the people and the gendarmes in which several persons were killed and a score wounded, some fatally.

# FOR CHAMPIONSHIP TEAMS WILL PLAY

## Rollins and University Teams Will Meet Here Tuesday.

### GOOD, FAST GAME ANTICIPATED

**Both Teams in Fine Condition, and Enthusiasts Are Looking for the Most Interesting Game Ever Seen in This Section of Florida.**

A great deal of interest is being manifested in this city in the game of football which will be played here next Tuesday afternoon, November 5, between the Rollins College team of Winter Park and the boys of the University of Florida, which contest will be for the State championship.

The University boys, just arrived from Georgia with the crown of victory adorning their brows, feel confident that they will be the masters of the situation at this game, as the Columbia team is regarded as one of the best and strongest in this section of the South. They are losing no opportunity for practice, however, and it is to be assumed that the Rollins boys, realizing what they must go against, are equally as active.

This will be the first football game of the season in Gainesville, and as everyone is deeply interested, it is anticipated that a large crowd will be present to witness the contest. The game will be pulled off at the baseball park, and the grounds are being placed in first-class condition for the event.

### IT MADE THEM TIRED.

**Micanopy Squad of Guards Evidently Displeased With Encampment.**

The Micanopy squad of the Gainesville Guards, which company returned from the annual encampment at Fort Pickens Tuesday night, left for their respective homes Wednesday, a tired-looking set.

If it is to be judged by the expression of several members of this squad, it is all up with them as far as voluntary military duty is concerned in future. They declare that they were never worked harder or given less liberty in their lives, and they do not propose to go through the same ordeal again. No liberties of consequence were extended them, they say, and it was nothing but drill and work from sunrise to sunset, with occasional after-sunset duties.

The Micanopy squad comprises Sergeant S. Chamberlin, Privates Will Burch, Wm. Prince, Corrie Hester Elvin Bruton, Mack Adams, Calvin Stevenson, Norman McCredie and Milton Dunning.

Notwithstanding that the boys were tired out, they were in good spirits, but each declared he would be glad to get back home.

## NEWS OF CITY AND COUNTY CONDENSED

Wilbur Davis, formerly of North Gainesville, later of Monteocha but now residing at Wauchula, DeSoto county, after a pleasant visit to his old friends in this section, returned to his South Florida home yesterday.

Among the visitors to Gainesville yesterday was Frank C. Boylston of Jacksonville, district passenger agent of the Atlantic Coast Line. Mr. Boylston has many friends throughout this section who are always glad to welcome him. He is one of the most popular young transportation men in the State.

The C. F. Goodman Company, who occupy offices in the Gainesville National Bank building, have just had completed two handsome window and door signs which bear their trade mark, and which are very attractive in appearance. Persons having occasion to go into the building cannot help but be attracted by this neat combination.

Mr. and Mrs. L. C. Lynch have returned from an extended tour of points on the East Coast, where Mr Lynch, in the capacity of Grand Chancellor of the Knights of Pythias, has been on an official tour. At the various places visited he and his estimable wife were extended many courtesies. Grand Chancellor Lynch reports the order of Knights of Pythias on the East Coast in a healthy condition, with a growing membership.

A. McDavid and sons, R. T. and Frank, and Richard, Ollie and Bud Simmons, all of Monteocha, were in the city yesterday. The former called and renewed his subscription to The Sun. R. T. McDavid, who is supervisor of the Cooter Pond school, states that the school is progressing finely under the direction of the new teacher, Miss Donia Ford, who is proving quite popular among both patrons and pupils. Frank McDavid, who has not been enjoying the best of health for the past year, left on the afternoon train for Wauchula, where he will recuperate for a few months.

### Off for a Hunt.

Sheriff L. W. Fennell and Arch Jackson of this city, and John Fennell and a party of friends from the East End, expect to leave Melrose this morning for the wilds of the Ocklawaha river on their annual deer and bear hunt.

This party expects to be gone for several days, and inasmuch as they are all experts at hunting wild game we may expect to hear something remarkable when they return. The party takes an annual hunt in the Ocklawaha river country, and have always been successful in bagging deer.

Never can tell when you'll mash a finger or suffer a cut, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

### MARTHA PERRY HONORED.

**A Fine Map Presented to School by Congressman Frank Clark.**

Rochelle, October 30.—There was a most interesting meeting of the patrons, faculty and pupils of Martha Perry Institute, Rochelle, Tuesday, the occasion being the receiving of a fine map presented by Hon. Frank Clark, member of Congress from the second congressional district, to the school.

The map was sent to Captain J. A. Tucker, chairman of the board of trustees of the Rochelle district, with a very complimentary letter regarding the school, and when it was presented by Captain Tucker, in a feeling and impressive manner, he said:

"I trust that you all will, through this map, become better acquainted with the greatest country on earth. Geography is a more important study now than years ago, before the different sections and communities of our country were knit into the closest possible unions by the perfection and extension of our postal, telegraph and railway facilities. I present it with the wish that you may study it and the country which it represents till you have become as learned and able as the gentleman to whose kindness and interest we are indebted for it."

After the presentation of this beautiful and useful map, the school passed the following resolution:

"Resolved, That this school desires to express its appreciation for this useful and valuable gift from our distinguished friend. We could find no more appropriate expression in language than 'we thank you.'

"We appreciate the very thought that prompted this generous act, and we will long remember the donor.

"J. L. JONES, Principal."

### CAUGHT AT NEWBERRY.

**Marshal Arnow, Awake to Safety of People, Hunted Down Man.**

Marshal B. T. Arnow, always awake to the interest of the people and the safety of their lives, always keeps an eye open for offenders of the law, as is frequently demonstrated.

Marshal Arnow's latest success in this direction was the arrest of Matt Milliner, colored, at Newberry, Tuesday, under his instruction, and now Milliner is safe behind the bars of the Alachua county jail under the serious charge of toting a pistol.

On Monday night, as the story goes, Milliner met Henry Glover, also colored, on West Church street, and, without provocation, pulled a gun and fired deliberately at Glover, but the ball went wild. Milliner then made his escape, going to Newberry, to which place Marshal Arnow traced him and had him placed under arrest.

The Marshal, as soon as notified that the man was in the custody of the officials at Newberry, went after him, returning with the prisoner Wednesday. He will be given a preliminary hearing before Justice Colman today.

### CLEANLY WOMAN.

**Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.**

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. # S.S.S. CURES BLOOD POISON

## A SAFE HOME TREATMENT

In S. S. S. nature has provided a certain, safe, home cure for Blood Poison. It is a medicine made entirely of roots and herbs of recognized blood-purifying value, and is the one medicine which goes down to the root of the trouble and remove every particle of poison, at the same time benefit and build up the system and never any harmful effects ever follow its use, as is so often the case where mercury and other mineral medicines are used. As soon as the system gets under the influence of S. S. S. the disease begins to improve, and when the remedy has thoroughly purified the blood and driven out every trace of the poison, permanent cure and no more trouble are ever seen again. The general manifestations of Contagious Blood Poison such as falling hair, copper-colored spots, ulcerated mouth and throat, sores and ulcers, etc., are merely symptoms of the poisoned condition of the blood, and in most cases respond quickly to local treatment, while S. S. S. is doing the necessary work of cleansing the blood. Our "Home Treatment" book is of great assistance along this line. It is a complete guide for treating the trouble, containing instructions for the different stages of the disease, and also valuable suggestions about diet and treatment, that will be most helpful in effecting a cure. We will be glad to send a copy of this book, free of charge, to any who desire it. If special medical advice is wanted our physicians will take pleasure in supplying it without cost to the patient. If you are suffering with Contagious Blood Poison you can cure yourself in the privacy of your own home by the use of S. S. S., an absolutely safe remedy.

# HON. FRANK CLARK ON PROHIBITION

## Delivered Eloquent Address In Jacksonville Tuesday Night.

### EARNEST PLEA BUT NO ABUSE

**Acknowledged to Be the Most Logical Argument in Favor Prohibition That Has Been Delivered During Agitation of Question in Duval County.**

[Jacksonville Times-Union, Oct 30.]

Congressman Frank Clark was the speaker of honor at the prohibition meeting at the foot of Main street last night.

President Erwin of the prohibition league called the people assembled to order at 8 o'clock sharp, and referred to the honor Mr. Clark did Jacksonville in being present, and then introduced the Hon. A. H. King, who in turn introduced the distinguished speaker of the evening.

Congressman Clark was at his best and he held his audience in rapt attention from start to finish. He was both argumentative and witty and made the strongest plea for the prohibition of the liquor traffic ever made in this city. He gave his reasons for the stand he was taking, citing that many that impelled him to the course.

The speaker, among other things, said that he voted for prohibition in his county in Georgia twenty-five years ago; that he did the same thing in this State twenty years ago, and that he proposes to battle against the saloons wherever he found one as long as he might live.

He pleaded with the boys who were about to cast their first vote to cast it against the open saloon; he cited that the respectable man who could take a drink or let it alone was the most dangerous man in a community, and warned the young against their example; such men, he said, were usually called "judge" or "colonel" and as such were looked up to, not the rummy or common drunkard.

**Into Politics.**

Continuing, the speaker said he favored putting prohibition into politics to a certain extent, especially in municipalities and counties, when it came to making up the slate for the great conservators of the peace, such as mayors, police judges, sheriffs and so on.

Congressman Clark's arraignment of the saloons was drastic, but it was made in a kindly manner, without abuse, irony or invective. He contended that prohibition prohibited; that the only thing necessary for this end, with a prohibitory law on the statute books, was the officers imbued with the right spirit and purpose; in support of his position he cited the fact that Polk county had been dry for the past twenty years, and that it could not be voted wet with a gatling gun.

The speaker's address was frequently punctured with cheers, especially when he said that a move was on foot to introduce a bill in Congress at the coming session, to place Washington, the capital of the country, on the dry list, and with his right hand lifted high, he said that as sure as the bill was introduced, and he believed it would be, it would become the law of the land. The speaker was impassioned and grandly eloquent when he made the closing period. There was no expression either one way or the other from such as dissented from him, but many faces said no, sharply and with others emphasis.

Congressman Clark's preoration was punctuated with great fervor, and from the viewpoint of the prohibitionists could not be surpassed.

**A Holiday Week.**

On next Monday put away all dull care and take a week of fun and entertainment. The ever welcome C. W. Park Dramatic Company will inaugurate a short season of drama Monday, November 4, for one week. Mr. Park's book plays; we have no borders on antiquity. The C. W. Park's show this season is a triumph in dramatic art. The best company of actors, the best scenery, electrical effects, the best vaudeville talent. Mr. Park has spared no expense to make this the banner week of dramatic events. The prices of admission is children 10 cents, adults 25 cents.

## Thousands Have Kidney Trouble and Never Suspect it.

**Prevalency of Kidney Disease.**

Most people do not realize the alarming increase and remarkable prevalency of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, *who content themselves with doctoring the effects*, while the *original disease* undermines the system.

**What To Do.**

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

**Governor Takes Precautions.**

Portland, Ore., Oct. 30.—At the request of the Portland Clearing house association Governor George E. Chamberlain Monday night declared the next five days in this state a legal holiday in order to prevent a money famine in this state. The banks of the city are absolutely sound and there has been no run on any of them, nor has one been threatened.

**Employees Get Increase.**

Dunkirk, N. Y., Oct. 30.—Telegraph operators, station agents and clerks of the Dunkirk, Allegheny Valley and Pittsburg railroad were notified Tuesday that an increase in wages from $5 to $15 per month had been granted them, effective at once. The road is a part of the New York Central lines.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulets act gently and cure constipation. 25 cents. Ask your druggist.

## DEATH OF MRS. SHEFFIELD.

### Former Alachua County Lady Dies at Her Home in Lake City.

The Times-Union of October 30th announces the death of Mrs. J. C. Sheffield, which occurred at her home in Lake City on Monday last. Prior to her marriage she was a prominent teacher in Alachua county, and was well known and beloved by many of our people, especially in the northern part of the county. The following particulars are given of her death:

"The community was shocked yesterday morning by the death of Mrs. J. C. Sheffield, wife of President J. C. Sheffield, of the First National Bank of this city, which sad occurrence took place at 3:30 a. m., after a short illness of only a week, with inflammatory rheumatism.

"Funeral services were held yesterday afternoon at 4:30 o'clock from the home, Rev. Walter T. Carell, rector of St. James Episcopal church, of which the deceased was a consistent and loyal member, conducted the services and accompanied Mr. Sheffield to New Jersey with the body.

"The deceased was born at Wickatunk, N. J., situated thirty miles from New York City. She was about 39 years of age and was Miss Georgia Walter Gordon, daughter of Dr. and Mrs. L. J. Gordon, when married to Mr. Sheffield in Lake City, on January 24, 1894.

"They lived in Alachua for some years, prior to their removal to Lake City as their future home several years ago. Since then Mrs. Sheffield has endeared herself to a large circle of devoted friends among whom she was known to be a true and noble woman, possessing a conspicuous trait of love in doing good for others. Worthy of mention is the fact that on Sunday, October 20, only a week before her death, and the last day she was about before stricken with disease, her last act at the close of the Sabbath day was an errand of mercy to the sick.

"Besides her husband, Mr. J. C. Sheffield, who has the sympathy of the entire community in his great loss, the deceased leaves a mother, Mrs. Lydia Victoria Gordon of New Jersey, two brothers, William Gordon of Bucklin, Kansas, and R. B. Gordon of New York; two sisters, Mrs. Dr. C. E. Aldous and Miss Elizabeth S. Gordon of New Jersey. Mrs. Lydia Gordon and Miss Elizabeth Gordon have visited Mrs. Sheffield here at various times.

"The death of Mrs. Sheffield is indeed a distinct loss in many ways to Lake City."

## INVITE A TEST.

**J. W. McCollum & Co. Ask Catarrh Sufferers to Try Hyomei on Their Guarantee.**

J. W. McCollum & Co. invite all who suffer from any form of catarrhal troubles to get a Hyomei outfit from them with their absolute guarantee that if it does not give perfect satisfaction, the money will be refunded upon request.

There is no other treatment for catarrh that in any way resembles Hyomei, none that gives such quick, curative results and lasting satisfaction, no medicine that can take its place, none that can be sold on a guarantee like this—to refund the money unless it cures.

Catarrh is a germ disease and can be cured only by breathing Hyomei, so that the most remote air cells in the nose, throat and lungs are reached by its antiseptic healing powers. In this way all catarrhal germs are killed, the irritated mucous membrane is healed and catarrh is driven from the system.

This wonderful medicated air treatment does not drug and derange the stomach, but is breathed through a little pocket inhaler that goes with every dollar outfit.

The unusual way in which J. W. McCollum & Co. sell Hyomei attests their confidence in the remedy.

**Big Pavilion Is Burned.**

Butte, Mont., Oct. 30.—The immense pavilion at Columbia Gardens, Butte's chief pleasure grounds, was burned to the ground Sunday. The building contained a large dancing floor, cafe and several valuable collections. Loss $50,000.

**Liver Pills**

*Ask your doctor if he knows a better pill for a sluggish liver than Ayer's Pills. Then follow his advice.*

It is impossible, simply impossible, for any one to enjoy the best of health if the bowels are constipated. Undigested material, waste products, poisonous substances, must be daily removed from the body or there will be trouble, and often serious trouble, too. Ayer's Pills are a laxative, that is all. J. C. Ayer Co., Lowell, Mass.

BOTTLED

**Coca-Cola**

**Proves Big Help For Tired Housewives**

There is bound to come a time through a mother's endless day when over-worked energies refuse to continue the heavy strain. A cold bottle of Coca-Cola solves this important problem. It clears the throat of flying dust, invigorates and sustains the strength. Bottled Coca-Cola is made right, mixed right, IS RIGHT. Sterilized bottles, filled by antiseptic machines mean the proportions are always correct. Look for Crown Label.

**INCREASE ITS VALUE!**

You can greatly increase the selling value of your house by installing modern plumbing equipment.

In fact, the actual increase in value is generally at least double the cost of the new outfit. Apart from this, there is the satisfaction and comfort of having the very latest sanitary equipment in your home.

Your plumbing is subjected to such constant use that you owe it to yourself to see that it is of the very best.

May we discuss the matter with you?

# LIZZIE BERG WAS IN VERY HARD LUCK

## Assaulted by Mysterious Man Who Gave Her a Good Pounding.

### HER LEFT EYE WAS INJURED

### Woman Was Resting Peaceably in Her Home, When Brute Appeared and Pounced Upon Her Without Mercy, Afterwards Making Escape.

It has developed that on last Saturday evening, just after the setting of the sun, there was what is commonly termed in these modern days "a hot old time" at the house kept by Lizzie Berg, in the extreme eastern limits of the city, which cost Lizzie, the owner of the place, a great deal of trouble and her left eye, which seems to have been almost extinguished, and she fears she will lose it entirely. She came to the city for the first time since the fracas Wednesday, when she reported that a man had entered her place and brutally assaulted her, doing her up to a queen's taste.

Lizzie is a large woman—a great deal heavier than the average, but she declares that the man who assaulted her, but whom she could not recognize, other than that he had a black face, tipped the beam at no less than a hundred and fifty, and she could swear that he was muscular.

The man came in just as the shade of evening was folding to its bosom the dying day, and all was quiet and happy at the home until this intruder butted in. He immediately grappled with the woman, when a most exciting scuffle ensued, in which the woman appears to have gotten the worst of the mixup. After a strenuous struggle of a few moments Lizzie succeeded in releasing herself from the grasp of the villain, when she secured her trusty 32 and sent two bullets after her assailant, who disappeared in the darkness.

Nothing has been heard of the assailant since, although the officers were notified. It has been intimated that the assailant was a white man blacked as a negro, though as a matter of course nothing authentic can be learned from any source, as the woman herself could not possibly tell.

Lizzie says she will pay $25 reward for arrest and conviction of her assailant.

## A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them *Remedies of Known Composition.*

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, bid liver or biliousness and all catarrhal diseases wherever located, have printed upon it, *in plain English*, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing *in the strongest possible terms*, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

### Work To Be Suspended.

Bristol, Tenn., Oct. 30.—It is announced that in view of the approach of winter and the tightness of the money market all but heavy work in connection with the construction of the Southern Western railway from the Virginia coal fields to the coast through Tennessee and the Carolinas is to be suspended until next spring. Many hundreds of men will thus be out of employment during the winter months.

## A HOLIDAY BOX.

### Goodies from Home Always Brighten Thanksgiving or Christmas.

To pack a box that will be certain to meet with the full approbation of a boy there is one important fact that must be remembered, says The Delineator for November. The box must contain a good proportion of substantial viands.

In the first place, there should be a turkey, or chicken, either boned and roasted, or boiled and pressed into a mold from which it may be removed easily to be cut into slices. A well-boiled smoked beef tongue also makes a good substantial morsel to put into a boy's box, while an attractively decorated baked ham—or even half a ham, when it has been carefully baked and garnished—will not go to waste.

There should be one or two samples of home-made pastry; and as mince and apple are about the only kinds that can be packed with any great degree of safety, these should be selected. There should also be a large loaf of pound-cake, with plenty of raisins and citron, as well as a good big batch of cookies. A package of fried cakes or doughnuts will be certain to meet with appreciation. A dozen slices of hard gingerbread will be quite as sure to meet with an enthusiastic reception.

A package of nut meats that have been blanched and salted at home will add a most acceptable finishing touch to any holiday box.

### Twentieth Century Club.

The Twentieth Century Club held its second meeting Monday afternoon at the residence of Mrs. W. L. Hill. The meeting was called to order by the president, and after the business session was turned over to Mrs. W. L. Hill, leader for the afternoon. An interesting article—"English Antiquities"—was read by Mrs. W. M. Dale, after which historial questions, relative to the afternoon's work, were asked by the leader and answered by the members.

The responses to the roll call were particularly interesting, as they were anecdotes concerning the lives of noted men of early England.

The club adjourned to hold its next meeting with Mrs. W. M. Dale.

THE DAILY SUN,
GAINESVILLE, FLA.

If you had to depend upon "luck" in business you would consider that fact as "hard luck." So why do you depend so much upon it—instead of upon advertising?

Secretary Taft's political manager says he is very well pleased with the outlook. But then it does not take much to make a political manager feel optimistic these days.

The saloon keepers are continually on the move. They were voted out of Birmingham, Ala., last Monday, and ere three years elapse it is predicted that they will be voted out of every State in the Dixieland.

Cut out the store-customers who are influenced by store-advertising—and you will not need a tenth of your clerical force. You could discharge most of the people who work for you, and otherwise "save money."

Soon after a "little store" begins to advertise "more than it can afford" it commences to grow. Its quarters become too small, obsolete. If it sticks to the policy it soon grows into one of the real stores of the city.

The thousands of friends of W. R. Carter, editor of The Jacksonville Metropolis, will be glad to learn that he has passed the critical stage of his illness, and is now on the road to recovery. He was operated upon for appendicitis and grave fears were entertained at one time for his recovery.

Hon. Park Trammell, member of the State Senate from Polk county, has announced that he is a candidate for United States Senator to succeed Senator Mallory. Now that Park has unfossomed himself there is little doubt that others will make their announcement for the same office.

In these latter days the kid finds a great many substitutes proposed in the place of good old "mother" days. The head nurse, the governness—anything but "ma." The father is down town and ears under financial title. The mother is in session with the parent science club discussing the failings of other folks' children.

There are three kinds of customers that worry the business man in the day time. One says, "I will pay you next week if I am alive." Another comes he is dead; and when pay-day comes the other is gone.

To say the least of it, Park Trammell is a very young man to attempt the United States Senate. His only legislative experience has been in the Florida Senate. The State knows of nothing he has done during his term in that body that should warrant the people in displacing such a faithful public servant as Senator Mallory with Mr. Trammell. The latter is a good man in his way, but he is not sufficiently experienced or ripe in years to occupy Mallory's seat.

## FEW OF THE REPUBLIC'S PERILS.

The thoughtful citizen can but know that our great republic is beset by many perils. There is the Yellow peril. China is awakening from the sleep of ages and is buying implements of war and using Western drill masters to teach her sons to use them. The density of China's population makes her dangerous, once she is awakened. There is the Japanese peril. Since the Philippines have already cost us $300,000,000, and to hold them against Japan would take a billion dollars more—and the jinge press would have us believe that every little brown man has a chip on his shoulder. There is the peril which besets New England as the tribes pour in from the North and take possession of the lands of the great but vanquished people. The lonely farm-house peril and the road in the dark woods, more menacing year by year, and everywhere. And there is the peril of the immigrant ships landing their human cargoes at Ellis Island—over 1,000,000 every single year. Many join the ranks of the "undesirable citizens" at once. Others go to the swell wretched squalor of city slums. There is the irrepressible conflict between labor and capital, between the rich and those without a foothold—a problem, if not a peril, that needs all the patience we possess. These are not all the perils that beset us, but they are enough. We may well ask ourselves the question—What are we going to do about them? The young man of today is confronted with a problem in the very near future—problems of infinitely less moment have turned the statesmen of this age gray.

## WANT SOUTHERN PRESIDENT.

The movement to nominate a Southern man as the Democratic candidate for President has taken concrete form in Tennessee. "At Shelbyville last night," says a dispatch from Nashville under date of October 18th, "a Democratic mass meeting was held and a movement started looking to the nomination of a Southern man for President. Among the resolutions adopted was the following:

"'Resolved, That we commend the views here expressed to the Democracy of the State and of the South, and suggest that from mass meetings of the Democracy in each of the State delegates be sent to a convention at the capitol in Nashville, on Tuesday, November 11, 1907, and that the chairman be authorized to appoint a committee of five, whose duty it shall be to correspond at once with the Democrats throughout the State, with a view to carrying out the object of this meeting and securing a representative convention in Nashville.'"

That house is happy in which the child's voice is heard. The eyes and the hands of the child can reach the inner springs of life. If those little ones grow strong by your toil their joyous glances are a rich reward. Many a strain of the day's care will be on your brow, but you are blessed a thousand times if the caress of a child at nightfall wipes the stain all away. All the clouds will rift again and the sun will shine once more if at nightfall a tiny one crawls upon your knee by the old home fireside. That man is deprived of the most of life around whose neck there does not creep the soft, gentle arms of the baby when the night time steals on.

The rate per carriage for funerals in Macon, Ga., hereafter will be increased from $4 to $5. On account of the increased cost of dying, we suppose.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

## TO PUNISH RICH THIEVES.

Ludwig Nissen, chairman of the Diamond Importers' Association Customs Committee, says smuggling by rich people who visit Europe has assumed colossal proportions. He declares that as much jewelry and precious stones are smuggled every year as is brought in legitimately. The value of the latter class is between $3,000,000 and $4,000,000. Maiden Lane importers are starting a movement to have smugglers punished more severely. Too much leniency is now extended to smugglers caught. It is sad commentary on the Republican custom officers, the Federal courts and the wealthy tourist class of Americans, who are generally supporters of the present administration.

## ARNO NOTES.

Arno, Fla., Oct. 29.—There is a dearth of news in this place now. All our young people are away teaching and going to school, and our older people are closely confined at home harvesting their abundant crops. The weather is fine and the cotton crop is turning out better than was expected three weeks ago.

The Forest Grove school is progressing nicely with Prof. Pinholster as principal and Miss Wolf as the assistant.

Richard Curry of Wacahoota is visiting his niece, Mrs. M. M. May.

Dick Cathcart and family and Mr. and Mrs. John Grimes are on the Gulf coast fishing.

Mrs. Frank Townsend has been very sick for several days.

F. P. Henderson and family are moving to Gainesville this week. Jas. Robinson moves on the Henderson place and takes charge of the orchard.

## ONE KILLED, FORTY INJURED.

**Accident on Missouri, Kansas and Texas Railroad.**

Dallas, Tex., Oct. 29.—The record of the Missouri, Kansas and Texas railroad which never before in its history had a passenger killed on its lines, was broken when a train carrying 1,000 excursionists to the state fair, ran into a locomotive near Dallas Sunday.

There was a panic among the passengers as soon as the accident occurred and several persons were injured some of whom, it is thought will not recover.

Both of the engines were practically demolished. The baggage car was thrown upon the tender, the trucks of all the coaches were turned almost completely around, the ends of three of them were stove in, and the first two coaches were telescoped.

A relief train was made up at Dallas and hurried to the scene of the wreck arriving there about two hours after its occurrence.

## LOST HER RUDDER AT SEA.

**Big Ship Steamed to Port Steered by Propellers Only.**

Plymouth, England, Oct. 30—The North German Lloyd steamer Kaiser Wilhelm der Grosse from New York Oct. 22, for Bremen by way of Plymouth and Cherbourg, arrived here on Tuesday and reported the loss of her rudder when she was two and a half days out from New York, while a fierce storm was raging. She steamed the rest of the distance to Plymouth, 1,750 miles, steered by her propellers alone.

Her commander, Captain Polack, remained incessantly on the bridge and did not have any sleep until the vessel reached the English channel. Beyond a delay of thirty hours in reaching this port the passengers were in no way discommoded and the Kaiser Wilhelm der Grosse left for Cherbourg Tuesday afternoon without any assistance.

## ROYAL PARTY In ACCIDENT.

**Train of King and Queen of Spain Leaves the Rails.**

Cherbourg, France, Oct. 30.—The king and queen of Spain had another close escape from injury or death early Tuesday. Their majesties are enroute to England where they are to visit King Edward. They entrained at Paris at midnight Monday night and were bound for this place, where they are to board the British battleship Renown, which is to carry them to England.

The journey from Paris was made in safety until just as the train was entering Cherbourg when it ran off the rails. The royal party escaped injury.

**Carolina Man Robbed of $1,450.**

Atlanta, Oct. 29.—J.M. Turner, of Arcadia, S. C., was robbed of $1,450 Saturday night about 11 o'clock in an alley near Decatur street. Turner, who is enroute to Columbus, where his parents live, reported the robbery to the police. The money was in checks and greenback, $300 being in greenback and $1,154 in two cashier's checks on the Bank of Gaffney, S. C., one being for $900 and the other for $250. The police are on the lookout for any clew which may lead to the arrest of the robbers, but as yet nothing has been learned.

**Holland Given Ten Years.**

Dalton, Ga., Oct. 29.—The jury in the case of Harrison Holland, charged with the murder of John Carroll, brought in a verdict of involuntary manslaughter, and he was given a sentenceof ten years in the penitentiary. The bond was fixed at $10,000 and a motion for a new trial was made which will be tried some time next month. The sentence of Claud Warnick, charged with the murder of Chester Wilson, was also fixed at ten years. All parties are white.

**Luncheon to Porter.**

Paris, Oct. 30.—Ambassador Waite gave a luncheon Tuesday in honor of General Horace Porter, who has been one of the representatives of America at the Hague peace conference and who will sail from Cherbourg on Wednesday for New York. Among the guests were many of Porter's former colleagues in the diplomatic ser-

**An Interesting Musical Find.**

Berlin, Oct. 30.—An interesting musical find is reported by the Tageblatt. It consists of eleven unknown dances by Beethoven, composed in 1795, already forming a musical society at Mooding, a suburb of Vienna. The dances were found at Baden. They are orchestrated for seven instruments, and it is said will be published shortly.

## CAROLINA STATE FAIR.

**It Is a Great Event in the Palmetto State.**

Columbia, S. C., Oct. 29.—The South Carolina state fair, which opened on Monday and continues through Friday, promises to be a success in every respect.

The fact that the cotton crop in this state has been unusually fine this year and the further fact that the farmers are generally prosperous indicates that the attendance upon the fair will be large. Prosperity among the farmers means success for the state fair.

The state fair is a great event in South Carolina; it is a reunion of the people from every section of the state. From a political standpoint it is important, because here the politicians gather and map out plans for the future. It is also a great social event—the state ball which is held on Thursday night of fair week is the most brilliant function of South Carolina society.

## TO HAVE EXTRA SESSION.

**Governor Blanchard, of Louisiana, Issues Call to Solons.**

New Orleans, Oct. 29.—Governor N. C. Blanchard has issued a call for an extra session of the Louisiana assembly on Nov. 11.

The extra session will consider the appointment of a commission to investigate port charges at New Orleans in connection with the recent strike of 10,000 levee workers which is estimated to have cost the state business interests $1,000,000; alleged unfairness in port conditions will also be considered.

The assembly will also be asked to reduce the fees of state tax collectors and to decrease their number. Recently it tis said the state has discovered embezzlements in the tax department amounting to about $200,000.

**Lest We Forget**

Baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give it a trial. Sold by W. **HOW BONNER WON SUCCESS**

The career of Robert Bonner, the veteran publisher, furnishes a signal illustration of the value of persistent and sagacious advertising. When he began the publication of the paper whose phenomenal success brought him fame and fortune, he did not wait for the people to find out, slowly and gradually, the interesting features of his journal.

He forced his enterprise upon public attention by a systematic lavishness of expenditure for advertising which at that time was without precedent or parallel. Whole pages of daily newspapers were secured at high prices to blazon forth the merits of his undertaking.

From one end of the country to the other the names of Bonner and his Ledger were made familiar to the people by constant repetition.

Conservative publishers, jogging along in the ruts of old routine, prophesied bankruptcy and ruin for this unconventional innovator, but Bonner kept on spending a large share of his receipts in buying publicity, and those receipts increased with startling rapidity.

Every dollar disbursed in this way brought in more dollars until croakers were confounded and pessimists in this particular branch of business silenced by his tremendous success.

The lesson is one that is as well worth heeding today as it was forty years ago.—Philadelphia Bulletin.

## ACCIDENT ON GEORGIA ROAD.

Three Men Injured, One of Whom May Die.

Atlanta, Oct. 29.—The Conyers accommodation train on the Georgia railroad, known as No. 24, ran into a new switch Monday night near Candler station, Kirkwood, throwing the engine off the track and injuring three men.

Engineer Joseph Hogan, 20 years of age, an employee of the Georgia railroad, is between life and death at the Elkin-Goldsmith hospital on Luckie street.

J. A. Webb, a long time fireman on the same road, is at his home in Conyers seriously and painfully injured.

Tomp Barnes, a negro Georgia railroad passenger, is at the Grady hospital badly bruised and scratched, and a Georgia railroad passenger engine is in the road's workshops for an overhauling.

A misplaced switch on the main line three miles from Atlanta, near Candler station is said to have caused the accident.

### A Happy Marriage.

Geo. W. Holbrook and Miss Gracie Tetstone, two good-looking young people from the country, applied at the office of County Judge Mason Wednesday and informed Clerk Mason that they desired the nuptial knot tied good and hard. Clerk Mason had no authority to tie the knot, but immediately summoned Justice Colman. After the license had been issued the genial Justice, with his usual dignity upon such occasions, performed the solemn ceremony in the presence of a few witnesses and sent the young couple on rejoicing.

The bride did not look to be more than fourteen years of age.

### Mr. Gordon is Here.

B. G. Gordon of Savannah, member of the firm of W. W. Gordon & Co., cotton factors, has arrived in the city. This firm had the misfortune to lose by fire Tuesday afternoon their extensive ginning plant comprising a large building and twenty-three gins, about fifty bales of cotton, several thousand pounds of seed cotton, and two car loads of cotton seed, and Mr. Gordon came for the purpose of adjusting the losses, etc.

It is assumed that the company will immediately rebuild, and it is rumored that they will also erect a cotton-seed oil mill.

### Marion Baptist Convention.

## DENIED A RE-HEARING.

Penitentiary Yawns for Greene and Gaynor.

Montgomery, Ala., Oct. 30.—B. D. Green and John F. Gaynor, whose notoriety in connection with the government fraud has become national, were Monday denied a rehearing by the United States circuit court of appeals in session in Montgomery, and unless the defendants secure a writ of certiorari from the United States supreme court they are doomed to spend four years in the penitentiary, besides each being compelled to pay a fine approximating $2,000,000.

The prosecution of Greene and Gaynor dates back fifteen years. They were convicted of being implicated in frauds in connection with harbor improvements at Savannah and sentenced to four years in the penitentiary besides being fined nearly $2,000,000.

For several years the prisoners have been in jail, while their cases have been in the courts. They are now confined at Macon, Ga.

### Peculiar Still Raided.

Augusta, Ga., Oct. 30.—Deputy United States Marshal Murray has just returned from raiding a peculiar moonshine distillery near Harlem. He arrested Ab Kendrick, the alleged proprietor. Last Wednesday the deputy received information that such a still was in existence. He went to the vicinity and made an exhaustive search in the ravines, gullies, along the creek and in the places where illicit stills are usually located. All without avail. Afterwards he located the still on the top of a high hill, in an open structure, the house visible for a great distance, and no attempt made to conceal it. A copper still and several hundred gallons of partly made rum were confiscated and destroyed. Kendrick will be given a preliminary hearing before United States Commissioner W. H. Godwin within the next two or three days.

### That Tired Feeling.

### Death of Knight Templar.

Houston, Tex., Oct. 30.—Lucius E. Noyes, aged 62 years, past grand commander, Knights Templar of Texas, and eminent commander of Ruthven commandery in this city, died suddenly Friday night. He was born in Connecticut, of southern parents, and served in the confederate navy until after the fall of Vicksburg, when he went to Virginia and joined the Washington artillery.

### College Library Robbed.

Augusta, Ga., Oct. 30.—The book store department of the medical college of the University of Georgia has recently been robbed of valuable books and other merchandise. Dr. Joseph E. Allen, dean of the institution, has offered a reward of $25 for the capture of the thief, or for information leading to his apprehension. It is believed the robbery was committed by a negro porter.

### Griggs and Roddenberry.

Worth, Ga., Oct. 30.—Worth superior court convened here Monday, and at the same time Judges Griggs and Roddenberry, candidates for congress from this district entertained a large audience with a joint debate. The court room was packed. The friends of each candidate backed up his man with applause as necessary to a live political meeting.

### Wife Killed by Husband.

Nashville, Tenn., Oct. 30.—Eva Hicks was shot and instantly killed here Monday morning by her husband, E. B. Hicks, a well known gambler. Hicks then turned the pistol on himself, and now lies in a critical condition at the city hospital. No one saw the killing and little is known of the cause of the tragedy.

### Julius Caesar

Was a man of nerve, but sickness left its mark and he became aged before his time. Sickness is often caused by a torpid liver. Herbine will regulate your liver and give you health. Mrs. Carrie Austin, Hollon, Kansas, writes: "I consider Herbine the best medicine I ever heard of. I am never without it." Sold by W. M. Johnson.

## GORDON GINNERY WAS DESTROYED BY FIRE

### One of the Most Serious Conflagrations in History o Gainesville.

### MANY THOUSANDS WERE LOST

### One of the Oldest and Largest Establishments of Kind in This Section Consumed by Fire—Adamson & Blake Also Sustain Heavy Loss.

One of the most disastrous fires which have visited Gainesville in several years occurred Tuesday afternoon shortly after 3 o'clock, when the ginnery of W. W. Gordon & Company and the machine shop of Adamson & Blake, both located in the same building at the corner of West Main street S. and West Depot street, were swept away in almost a breath. The nature of the contents of the building, together with the material of which the same was constructed, fed the flames with rapidity, and, notwithstanding that the fire department responded promptly, the entire building, which was an immense shell wooden structure, was enveloped deeply in flames before a stream of water could be turned on.

At ten minutes past 3 o'clock an alarm of fire was turned in, but owing to the disorder of the street fire alarm system the bell in the court house tower struck only once. Owing to the fact that repairs have been in progress on the system for the past few days, and constant alarms have been turned in as a test, at fisrt the citizens did not realize that there was a fire; but when a dense cloud of smoke was seen in the southern section of the city, the fact dawned upon them that there was something serious in the matter of a conflagration going on.

The alarm sounded regularly at the fire station, however, and within a few esconds the hose companies were on their way to the scene of the fire. They arrived promptly and set their hose, but it was too late to save the building, as the building, aided by the combustible material, went up like a powder magazine.

The firemen, realizing that nothing in the building could be saved, devoted their attention to preventing the flames from spreading, which was admirably done under the direction of Chief E. A. O'Neill, who was one of the most active men on the grounds. Chief O'Neill directed that the three streams be turned upon the surrounding buildings, and a number of cars of the Atlantic Coast Line and Seaboard, which were on the sidetracks, and which were already on fire, with the result that he saved the cars and their contents (all were loaded) and the buildings in the immediate vicinity which were threatened.

This was a most tremendous fire, and the heat could be felt with inconvenience for two blocks or more. A large crowd soon gathered, attracted by the smoke, but few were enabled to reach any point near the fire.

To Chief O'Neill and his gallant firemen is due that the flames did not reach the gas house, where a large supply of gas was in the reservoir and also the big tank of the Standard Oil Company, which, a few feet beyond, contained thousands of gallons of oil. Should these tanks have been reached there is no telling what damage would have been done.

#### The Gordon Loss.

The loss of the Gordon Company is not known, but it is estimated that it must have been in aggregate about $12,000. There were twenty-three gins in the establishment, and the building, notwithstanding that it was termed these days as a "shack," must have cost between $4,000 and $5,000. There were about fifty-eight bales of cotton belonging to the company in the building, only eight of which were saved, and thousands of pounds of seed cotton and two car loads of cotton-seed were destroyed.

James Adamson and G. W. Blake, who conducted a machine shop in the same building, were heavy losers. They had the misfortune to lose their entire plant, with a lot of other machinery which may now be beyond repair, and the aggregate will amount to $1,800 to $2,000, with no insurance. This blow comes especially heavy to these young men, who have recently started into business, and their friends sympathize with them deeply.

#### Origin of Fire Unknown.

There will really never be any way to determine how the fire started, but it originated in the lint-room. Mr. Adamson states that he was within four feet of the fire, in the machine shop, when he discovered it. The flames shot up rapidly, and he rushed for a bucket of water, realizing the situation. When he returned the bucket appeared nothing more than a drop in quenching the thirsty flames, and he was compelled to get out of the building to save his own life. When he reached the outside it appeared to him that the entire roof of the building in that immediate vicinity was in flames.

#### Sympathy With Manager.

The sympathy of the community is with W. A. Collins, manager of the ginnery. Mr. Collins was in another part of the building when the fire originated, and is at as much of a loss to know as anyone else how it occurred. He has wired the company in Savannah to send a representative here.

#### Storage Cotton Saved.

There were about fifty bales of cotton belonging to various growers in the building in storage, but this was all saved.

The actual loss to Gordon & Co. will not be known until the insurance adjusters can make a report.

#### Mr. Gordon is Here.

B. G. Gordon of Savannah, member of the firm of W. W. Gordon & Co., cotton factors, has arrived in the city. This firm had the misfortune to lose by fire Tuesday afternoon their extensive ginning plant comprising a large building and twenty-three gins, about fifty bales of cotton, several thousand pounds of seed cotton, and two car loads of cotton seed, and Mr. Gordon came for the purpose of adjusting the losses, etc.

It is assumed that the company will immediately rebuild, and it is rumored that they will also erect a cotton-seed oil mill.

#### A Happy Marriage.

Geo. W. Holbrook and Miss Gracie Tetstone, two good looking young people from the country, applied at the office of County Judge Mason Wednesday and informed Clerk Mason that they desired the nuptial knot tied good and hard. Clerk Mason had no authority to tie the knot, but immediately summoned Justice Colman. After the license had been issued the genial Justice, with his usual dignity upon such occasions, performed the solemn ceremony in the presence of a few witnesses and sent the young couple on rejoicing.

The bride did not look to be more than fourteen years of age.

#### Wanted--Hardwood Timber.

The Brown-Jennings Hardwood Company of Lake Butler, Florida, are in the market for large quantities of hickory, white oak and ash timber.

They offer to buy it either in the log or sawed into plank. Now that the price of pine is off, this is an opportunity for sawmills to work on lumber in which there is a profit, as they offer fancy prices for such lumber. This also affords the tie men, who are equipped with teams, a chance to get out logs at a good figure.

For full information regarding prices, etc., address

The rate per carriage for funerals in Macon, Ga., hereafter will be increased from $4 to $5. On account of the increased cost of dying, we suppose.

## NEWS OF CITY AND COUNTY CONDENSED

Wilbur Davis, formerly of North Gainesville, later of Monteocha but now residing at Wauchula, DeSoto county, after a pleasant visit to his old friends in this section, returned to his South Florida home yesterday.

The pool room of E. H. Waters, which has been located in the Brown House building for the past year or two, has been moved to the new building on East Mechanic street, where Mr. Waters expects to fit up a nice place.

Col. Christopher Matheson has returned to this city, after a month spent pleasantly in Atlanta, Ga., Greenville, S. C., and other points. His trip proved of great benefit to him, which will be gratifying information to his friends.

W. D. Cromartie and family of Altoona have removed to this city, having been attracted by the excellent educational facilities. They are located at 504 N. Garden street. Mr. Cromartie is a retired naval stores operator. The family will be gladly welcomed by the people of Gainesville.

A. McDavid and sons, R. T. and Frank, and Richard, Ollie and Bud Simmons, all of Monteocha, were in the city yesterday. The former called and renewed his subscription to The Sun. R. T. McDavid, who is supervisor of the Cooter Pond school, states that the school is progressing finely under the direction of the new teacher, Miss Donia Ford, who is proving quite popular among both patrons and pupils. Frank McDavid, who has not been enjoying the best of health for the past year, left on the afternoon train for Wauchula, where he will recuperate for a few months.

## MARTHA PERRY HONORED.

### A Fine Map Presented to School by Congressman Frank Clark.

Rochelle, October 30.—There was a most interesting meeting of the patrons, faculty and pupils of Martha Perry Institute, Rochelle, Tuesday, the occasion being the receiving of a fine map presented by Hon. Frank Clark, member of Congress from the second congressional district, to the school.

The map was sent to Captain J. A. Tucker, chairman of the board of trustees of the Rochelle district, with a very complimentary letter regarding the school, and when it was presented by Captain Tucker, in a feeling and impressive manner, he said:

"I trust that you all will, through this map, become better acquainted with the greatest country on earth. Geography is a more important study now than years ago, before the different sections and communities of our country were knit into the closest possible unions by the perfection and extension of our postal, telegraph and railway facilities. I present it with the wish that you may study it and the country which it represents till you have become as learned and able as the gentleman to whose kindness and interest we are indebted for it."

After the presentation of this beautiful and useful map, the school passed the following resolution:

"Resolved, That this school desires to express its appreciation for this useful and valuable gift from our distinguished friend. We could find no more appropriate expression in language than 'we thank you.'

"We appreciate the very thought that prompted this generous act, and we will long remember the donor."

J. L. JONES, Principal.

#### Off for a Hunt.

Sheriff L. W. Fennell and Arch Jackson, of this city, and John Fennell and a party of friends from the East End, expect to leave Melrose this morning for the wilds of the Ocklawaha river on their annual deer and bear hunt.

Tennessee Democrats are organizing to nominate a Southern man for President.

## DEATH OF MRS. SHEFFIELD.

### Former Alachua County Lady Dies at Her Home in Lake City.

The Times-Union of October 30th announces the death of Mrs. J. C. Sheffield, which occurred at her home in Lake City on Monday last. Prior to her marriage she was a prominent teacher in Alachua county, and was well known and beloved by many of our people, especially in the northern part of the county. The following particulars are given of her death:

"The community was shocked yesterday morning by the death of Mrs. J. C. Sheffield, wife of President J. C. Sheffield, of the First National Bank of this city, which sad occurrence took place at 3:30 a. m., after a short illness of only a week, with inflammatory rheumatism.

"Funeral services were held yesterday afternoon at 4:30 o'clock from the home. Rev. Walter T. Carell, rector of St. James Episcopal church, of which the deceased was a consistent and loyal member, conducted the services and accompanied Mr. Sheffield to New Jersey, with the body.

"The deceased was born at Wickatunk, N. J., situated thirty miles from New York City. She was about 39 years of age and was Miss Georgia Walter Gordon, daughter of Dr. and Mrs. L. I. Gordon, when married to Mr. Sheffield in Lake City, on January 24, 1894.

"They lived in Alachua for some years, prior to their removal to Lake City as their future home several years ago. Since then Mrs. Sheffield has endeared herself to a large circle of devoted friends among whom she was known to be a true and noble woman, possessing a conspicuous trait of love in doing good for others. Worthy of mention is the fact that on Sunday, October 20, only a week before her death, and the last day she was about before stricken with disease, her last act at the close of the Sabbath day was an errand of mercy to the sick.

"Besides her husband, Mr. J. C. Sheffield, who has the sympathy of the entire community in his great loss, the deceased leaves a mother, Mrs. Lydia Victoria Gordon, of New Jersey; two brothers, William Gordon of Bucklin, Kansas, and R. B. Gordon of New York; two sisters, Mrs. Dr. C. E. Aldous and Miss Elizabeth S. Gordon of New Jersey. Mrs. Lydia Gordon and Miss Elizabeth Gordon have visited Mrs. Sheffield here at various times.

"The death of Mrs. Sheffield is indeed a distinct loss in many ways to Lake City."

## NEWBERRY PERSONALS.

Newberry, Fla., Oct. 30.—Mrs. Marvin Cain returned Friday night from Worthington, where she spent the week, visiting relatives.

Born, to Mr. and Mrs. S. A. Hussey, October 18th, a fine son.

Mrs. Susie Ellis of Ft. White was here Friday, returning Saturday.

Misses Vola and Minnie Sifford entertained quite a number of their friends Friday night. Those present were Misses Lizzie Smith, Sallie Garland, Ella Smith, Bessie Garland, Atlanta Studstill, Effie Bryant, Ola Studstill and Elsie Bryant. Messrs. Woodie Mathis, Jesse Cowart, Jack Garland, John Miller, Bud Garland, Mr. Wright and Mr. Cowart.

Mrs. R. R. Strange of Lakeland is here on a visit to her sister, Mrs. Marable.

Miss Cartley Matthews of Judson is the guest of Miss Bessie Marable this week.

## FOR CHAMPIONSHIP TEAMS WILL PLAY

### Rollins and University Teams Will Meet Here Tuesday.

### GOOD, FAST GAME ANTICIPATED

### Both Teams in Fine Condition and Enthusiasts Are Looking for the Most Interesting Game Ever Seen in This Section of Florida.

A great deal of interest is manifested in this city in the game of football which will be played here next Tuesday afternoon. Next between the Rollins College Winter Park and the boys versity of Florida, which will be for the State championship.

The University boys, just from Georgia with the victory adorning their brows, feel confident that they will be the victors of the situation at this game. The Columbia team is regarded as one of the best and strongest in this section of the South. They are losing no opportunity for practice, however, and it is to be assumed that the Rollins boys, realizing what they must go against, are equally as active.

This will be the first football game of the season in Gainesville, and as everyone is deeply interested, it is anticipated that a large crowd will be present to witness the contest. The game will be pulled off at the baseball park, and the grounds are being placed in first-class condition for the event.

#### INVITE A TEST.

### J. W. McCollum & Co. Ask Catarrh Sufferers to Try Hyomei on Their Guarantee.

J. W. McCollum & Co. invite all who suffer from any form of catarrhal troubles to get a Hyomei outfit from them with their absolute guarantee that if it does not give perfect satisfaction, the money will be refunded upon request.

There is no other treatment for catarrh that in any way resembles Hyomei, none that gives such quick curative results and lasting satisfaction, no medicine that can take its place, none that can be sold with a guarantee like this—to refund the money unless it cures.

Catarrh is a germ disease and can be cured only by breathing Hyomei, that the most remote air cells of the nose, throat and lungs are reached by its antiseptic healing power. In this way all catarrhal germs are killed, irritated mucous membranes healed and catarrh is driven from the system.

This wonderful medicated air treatment does not drug and derange the stomach, but is breathed through the pocket inhaler that goes with the dollar outfit.

The unusual way in which J. W. McCollum & Co. sell Hyomei shows their confidence in the remedy.

## ARNO NOTES.

Arno, Fla., Oct. 29.—There is a dearth of news in this place now as our young people are away at school and going to school, and our people are closely confined to harvesting their abundant crops. The weather is fine and the cotton is turning out better than was reported three weeks ago.

The Forest Grove school is progressing nicely with Prof. [illegible] as principal and Miss Wolf as assistant.

Richard Curry of Waccahoota is visiting his niece, Mrs. M. M. Mc[illegible].

Dick Cathcart and family and Mr. and Mrs. John Grimes are on the Gulf coast fishing.

Mrs. Frank Townsend has been very sick for several days.

F. P. Henderson and family are moving to Gainesville this week.

Jas. Robinson moves on the Henderson place and takes charge of the orchard.

# W. O. W. HOLD AN IMPRESSIVE SERVICE

## Monument to Departed Sovereign Unveiled Sunday Afternoon.

ELOQUENT MEMORIAL ADDRESS

Procession Formed With About Fifty Woodmen and as Many Citizens and Went to Cemetery, Where Impressive Exercises Were Held.

One of the most impressive ceremonies ever held in this city was the unveiling of the monument to the memory of Sovereign J. J. Butler by Alachua Camp, Woodmen of the World, Sunday afternoon.

There were present at this ceremony about fifty members of Alachua Camp, together with an equal number of citizens who were interested in the proceedings.

The officers and members of Alachua Camp, in compliance with instructions from Council Commander Dr. J. M. Dell, assembled at the lodge room at 2:30 o'clock in the afternoon, where carriages were in waiting. A half-hour later, under command of Master of Ceremonies Sovereign J. Manasse, the procession started for the cemetery, where the exercises were to be held. The citizens, in carriages and buggies, filed in the rear, making quite a lengthy procession.

Upon reaching the cemetery the Woodmen formed the "open wedge" around the monument, while the widow of the deceased took her position at the foot of the grave. When the formation had been made Sovereign Manasse pulled the cord which removed the veil, after which Hon. Robt. E. Davis, also a Sovereign, delivered the memorial address. Col. Davis, as usual, was eloquent in his tribute to the order of Woodmen of the World, its principles, later touching beautifully upon the life and character of the deceased Sovereign.

At the conclusion of Col. Davis' remarks the wedge was broken, and the Sovereigns distributed flowers upon the half-dozen graves of their departed brothers.

The monument is a very handsome one, and, as is the custom of the order, was erected by Alachua Camp, of which deceased was a member. It is constructed of handsome granite, and its dimensions are about three feet wide, one foot in thickness and five feet high.

While these unveiling ceremonies were brief, they were among the most impressive ever seen here, the beautiful ritual of the Woodmen having been used in the same.

The procession to the cemetery was headed by a buggy bearing Master of Ceremonies Manasse and Acting Clerk L. A. Jernigan, the latter bearing a large and handsome United States flag, which is one of the emblems of the order.

### Prominent Visitors.

Captain and Mrs. C. B. McClenny of Cadillac, who are among the best and most prominent residents of that section of the county, spent Tuesday in this city as guests of their son Louis C. McClenny, head clerk at the Brown House.

Captain McClenny has been a great benefactor of the Cadillac section, as he is engaged in many pursuits and is active in all. He was the founder of the town of MacClenny, Baker county, and was very wealthy prior to the great freeze which swept him like many others in to comparative destruction in the short space of forty-eight hours. Full of ambition and energy, however, he rose again, and now his influence in a commercial way is felt throughout the entire West End.

## GEO. W. HAWTHORN.

The subject of this sketch was born in Macon county, Alabama, about fifty-seven years ago, and departed this life at his home near Hawthorn, October 23rd, 1907, after an illness of several weeks with heart failure. He came with his parents to Alachua county in the early fifties, when quite a small child, and had lived here continuously ever since, having died within sight of the old homestead. He leaves a wife who, before marriage, was Miss Fannie Morton, and a daughter, Hattie, to both of whom he was much devoted. He was truly a loving husband and an affectionate father, and will be sadly missed by them. He also leaves two brothers, B. M. and E. L. Hawthorn, five sisters, Mrs. S. N. Hammond, Mrs. F. F. Paulling, Mrs. R. H. Stringfellow and Mrs. L. A and R. E. Johnson. He was a remarkable man in many respects. Though a cripple, he was energetic and diligent in his efforts to make his daily affairs a success. He was a genial, whole-souled fellow, was full of hospitality, and his friends and the stranger were always welcome guests to his home. He often attended religious service with his family, and seemed interested in the worship. He did not claim perfection—he had his faults and his weaknesses, but the good in him overbalenced the bad.

His body was laid to rest in the Hawthorn cemetery, and was witnessed by a large host of friends and relatives. Beautiful wreathes of flowers covered his grave.

Funeral services conducted by our good brother, Rev. B. R. Moseley, which were appropriate and touching.

Hawthorn, Oct. 28. J. E. R.

## WORK RESUMED.

Contractor Beeman Again Takes Up Work on the Lateral Sewers.

From Sunday's Daily Sun.

Provision having been made for the money on the lateral sewerage contract by the passing of an ordinance providing for the issuance of special assessment city certificates, the work of laying the lateral sewerage is again going on briefly, work being resumed Thursday.

The history of this case has already been published in The Sun, hence is familiar. In brief, Mr. Beeman, in competition with other bidders, was awarded the contract by the Board of Public Works for this job, with the understanding that the contract was to be completed within six months. Contractor Beeman was progressing nicely with his work, when it was discovered that there were no funds with which to pay him, with the result that he ceased work at once.

The laying of lateral sewerage has been at a standstill for the past few days on this account. Contractor Beeman refusing to proceed further until he could see some chance for his money, but the recent act of the Council in passing the ordinance providing for these special assessments will now assure the uninterrupted completion of the work.

## THE BAPTIST BARACA.

Organization Completed at Meeting Held Last Friday Night.

On Friday evening the members of the B96le class, with their friends, held a meeting at the church for the purpose of organizing a Baraca class.

The meeting was informally called to order by our State secretary, Mr. Thos. J. Dayton, and after a few words of explanation of this work the following officers were elected:

H. R. Wilburn, president; R. D. Agee, secretary and treasurer; R. Y. Winters, press reporter. The class is to be congratulated upon securing such good officers.

Mr. Wilburn has been actively engaged in Baraca work before, and Mr. Agee has been for some time the competent secretary of our local B. Y. P. U. With such leaders, and the cooperation of each member of our class, we intend having one of the best classes, not only in Gainesville but in the State of Florida.

# SEA-GOING TRAINS TO RUN SOON

## Knight's Key Will Be Terminal of East Coast Railway.

### WORK IS BEING COMPLETED

**First Section of All-Rail Route to Havana to Be Opened in January, 1908—Steamers Will Be Run From Knight's Key to Havana.**

New York, Oct. 28.—The announcement was made here today by representatives of Henry M. Flagler that the ocean-going railroad which he is building from the Florida mainland to Key West will be opened to traffic as far as Knight's Key, 109 miles south of Miami, on or about January 15 next, and that steamers will be put in operation from that point to Havana. This decision to open the road to traffic for the greater part of its course a year ahead of the time set for its final completion is Mr. Flagler's reply to the reports that the building of the road has been given up.

"The road has not been abandoned and there is no intention of abandoning it," said Vice-President J. R. Parrott, who is in general charge of the construction. "On the contrary we expect to have trains running as far as Knight's Key with steamships operating between that point and Havana by the middle of January. Knight's Key, which is to serve as the temporary terminus of the ocean extension, is about two-thirds of the way from Miami to Key West. The opening of this section of the line to traffic does not mean, however, that only two-thirds of the work is completed. Fully 95 per cent of the land work between this point and Key West is finished. Nor is it true that any engineering difficulties have been encountered that will prevent the completion of the lower part of the extension. Every engineering problem connected with the building of the viaducts that will carry the line over the open water sections on this portion of the route has been met and solved in building the part of the road already finished.

Most of the material required for the completion of the ocean line has been delivered and paid for. It is true that the cost of the road thus far has greatly exceeded the estimate, as has been reported. The road has been built within the estimated cost and while it is impossible in work of this nature to practice all of the economies in ordinary land construction the completion of the line is in no way beyond the financial ability of Mr. Flagler.

The Key West extension of the Florida East Coast railroad which Henry M. Flagler projected during the Spanish War for the purpose of bringing Cuba into more direct connection with the United States, and on which an army of between three and four thousand men employed for several years, differs in many respects from any railroad ever before constructed. More than a hundred miles of the road is built at sea, following the Florida Keys from the mainland to Key West. All of the material had to be mounted on barges and the workmen lived in floating dormitories during the progress of the work. All supplies used were transported by water and a large fleet of vessels was employed in the construction service. The road is reported to have cost $50,000 a mile to build. When completed it will greatly shorten the journey between the United States and Havana, reducing the time to twelve hours, and the operation of car ferries between Key West to the Cuban capital when the road is completed, it will form a natural route between the United States and Cuba.

## IN MAYOR'S COURT.

### One of Largest Dockets of Year—Five Gamblers Were Convicted.

Monday's session of the city court was one of the largest held in Gainesville during the year, a number of offenders having been compelled to face the municipal bar of justice.

Fletcher Cato, Logan Williams, Tom Smith, Will Thomas and Will Berry were arrested Sunday night by Policeman Kite for gambling. There were fined $5 and costs each, which each defendant paid.

Hattie Smith, charged with disorderly conduct, was discharged for lack of evidence.

Millie Floyd, for disorderly conduct, was fined $1 and costs.

Smith Bellamy got aboard a little more than he could conveniently carry, and was arraigned for being not only drunk, but disorderly also. He was compelled to "cough up" five and costs or go to jail, so he preferred the former and paid out.

All above cases were colored.

## TAKEN TO SOUTH FLORIDA.

### Officer Came for O. Lancaster, Wanted in DeSoto County.

Deputy Sheriff P. W. Harward of Arcadia, DeSoto county, who came after O. Lancaster, arrested by Deputy Sheriff J. Lee Stokes near Tacoma Friday upon instructions from the authorities of DeSoto county, has returned to Arcadia with his prisoner.

Lancaster is charged in DeSoto county with the larceny of a domestic animal—a cow. He was reared in this section of the country, and is well known, especially in the southwestern section of the county, where he spent many years. He left this section, however, going to South Florida, and only returned a few weeks ago.

### A Disastrous Runaway.

A disastrous runaway occurred on West Liberty street about noon Monday, which resulted in the demolishing of a fine buggy belonging to the Gainesville Furniture Company.

The team, which was being driven by C. C. Cagle, was hitched in front of the building being erected by W. B. Taylor, when the horses became suddenly frightened and made a dash. Mr. Cagle, who was attending to some collections in the vicinity, witnessed the whole affair, but was powerless to do anything.

The horses ran to a point opposite the Elks' Club, when the buggy collided with a tree and was badly damaged.

### Justice Colman's Court.

There was "something doing" in Justice Colman's court Monday for the first time in several days, when Hattie Smith, who had already passed through the embarrassment of the city court, was arraigned upon a charge of disorderly conduct.

Estella Jones, another colored woman, was the prosecuting witness. She stated that Hattie "cussed" her and otherwise treated her very unladylike. The Justice believed what she said, as the court imposed a fine of $10 and cost or three months.

The fine was paid.

# THE LOCAL MARKET IS ALL TO PIECES

## So Declares a Prominent Alachua County Business Man.

### WALL STREET IS TO BLAME

**The Financial Panic in New York Has Been Carried to Such an Extent That It is Being Felt as Far South as the Sea Island Belt.**

"There is no use talking, the present financial panic in Wall Street has certainly affected the cotton market to such an extent that the condition is sorely felt here," remarked Chas W. Bauknight of Archer, one of the shrewdest business men in this section of the State, Monday. "The market has gone all to pieces, with the result that buyers are not making any offers at all for the present."

Mr. Bauknight utters a plain truth when he states that the market has "gone all to pieces," especially with reference to this section. Ten days ago the staple found a ready market at seven cents a pound in the seed, and growers had no trouble in disposing of all they could bring to market.

On Saturday of the past week a certain buyer of this city who has purchased large quantities of cotton this season at seven cents, was only offering five, and was not anxious to buy at that figure. One grower, a colored man, who had been offered seven cents for his product a week before, but who failed to bring it in, was very badly disappointed when this buyer informed him on Saturday that the thousand pounds he had brought on that day would have to be disposed of at five cents. The owner of the cotton refused to accept this price, and hauled his cotton back to the farm.

The market throughout the county is disrupted—in fact it is stated there are no offers at all now, and will probably not be until the situation in New York is settled.

### The Marriage Docket.

Within the past two or three days Clerk George Mason, of County Judge Mason's office, has issued a large number of licenses to wed, but the greater part of these licenses have been made to colored people.

Among the prominent white people of the county to whom licenses have been issued during this period are G. C. Dyess and Amanda E. Perry, John F. Joiner and Lillian Melton, and E. A. Allen and Eva Sanders.

LETTER TO J. B. PADGETT, Gainesville, Florida.

Dear Sir: Say milk is worth 32c a quart.

If 1-3 water and sold at 32c, 50c milk in it fetches 42c a quart.

If ½ water, 16c.

If 2-3 water, 24c.

If ¾ water, 32c.

That's rather too stiff for milk, but watered paint is sold in all those proportions.

Pure paint (Devoe) is sold for $3.75 a gallon.

"Paint" at that price and 1-3 whitewash fetches $2.62 a gallon for the paint part of it.

"Paint" ½ whitewash fetches $1.50 a gallon for the paint in it.

"Paint" ¾ whitewash fetches $7.00 a gallon for the actual paint it contains.

And people are paying all these prices for paint, when they buy adulterated paints. There are 200 such; only 8 pure paints; only one Devoe.

Yours truly,
F. W. DEVOE & CO.

# GIRLHOOD TO WOMANHOOD

## Lydia E. Pinkham's Vegetable Compound

ELLEN M. OLSON CLARA E. DARMSTADTER

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that **Lydia E. Pinkham's Vegetable Compound,** made from native roots and herbs, will at this time prepare the system for the coming change, and start this trying period in a young girl's life without pain or irregularities. It has been thus depended upon for two generations.

Hundreds of letters from young girls and their mothers, expressing gratitude for what Lydia E. Pinkham's Vegetable Compound has done for them, are constantly being received.

Miss Ellen M. Olson, of 417 N. East St., Kewanee, Ill. writes:—

Dear Mrs. Pinkham:—

"I have had the best doctors in our town for my sickness and they all thought that an operation was necessary. I had headache, sideache, and my feet were so sore I could hardly stand. I took two bottles of Lydia E. Pinkham's Vegetable Compound when my periods were established and now I am perfectly well. Mama says she wont be without your medicine in the house. I have told one girl what Lydia E. Pinkham's Vegetable Compound has done for me and she is taking it now."

Miss Clara E. Darmstadter, of 453 Breckenridge St., Buffalo, N.Y., writes:

Dear Mrs. Pinkham:—

"For about a year, except during the past few months, I suffered with severe pains every month, with backaches and headaches. I had the blues so bad that I was in despair. It is a pleasure to tell you that Lydia E. Pinkham's Vegetable Compound has cured me. The change in my appearance is wonderful and I desire that this good may come to every sufferer. Any one desiring to know further details may write to me and I shall be glad to give them."

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham, at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound made from native roots and herbs cures where others fail.

No other remedy has such a record of actual cures of female ills. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound and what it has done for them.

# LIZZIE BERG WAS IN VERY HARD LUCK

## Assaulted by Mysterious Man Who Gave Her a Good Pounding.

### HER LEFT EYE WAS INJURED

**Woman Was Resting Peaceably in Her Home, When Brute Appeared and Pounced Upon Her Without Mercy, Afterwards Making Escape.**

It has developed that on last Saturday evening, just after the setting of the sun, there was what is commonly termed in these modern days "a hot old time" at the house kept by Lizzie Berg, in the extreme eastern limits of the city, which cost Lizzie, the owner of the place, a great deal of trouble and her left eye, which seems to have been almost extinguished, and she fears she will lose it entirely. She came to the city for the first time since the fracas Wednesday, when she reported that a man had entered her place and brutally assaulted her, doing her up to a queen's taste.

Lizzie is a large woman—a great deal heavier than the average, but she declares that the man who assaulted her, but whom she could not recognize, other than that he had a black face, tipped the beam at no less than a hundred and fifty, and she could swear that he was muscular.

The man came in just as the shade of evening was folding to its bosom the dying day, and all was quiet and happy at the home until this intruder butted in. He immediately grappled with the woman, when a most exciting scuffle ensued, in which the woman appears to have gotten the worst of the mixup. After a strenuous struggle of a few moments Lizzie succeeded in releasing herself from the grasp of the villain, when she secured her trusty 32 and sent two bullets after her assailant, who disappeared in the darkness.

Nothing has been heard of the assailant since, although the officers were notified. It has been intimated that the assailant was a white man blacked as a negro, though as a matter of course nothing authentic can be learned from any source, as the woman herself could not possibly tell.

Lizzie says she will pay $25 reward for arrest and conviction of her assailant.

## The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherrybark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for *free* booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and, through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

## THE GUARDS ARE HOME.

### Arrived Tuesday Night, After Hard Trip from Fort Pickens.

After a long trip, following a strenuous ten-days' work in the military camp at Fort Pickens, near Pensacola, The Gainesville Guards, under command of Captain J. W. Blanding and Lieutenants Shields Warren and Wm. Wheeler, arrived home via the Seaboard last night, and it is needless to add that they were a tired set and rested well Tuesday night on the soft and comfortable beds for the first time in nearly two weeks.

The boys were good-natured, however, and spoke well of their trip, and the instructions they had received as a result. While it is doubtful whether they would like to go through the same ordeals again immediately, they are all well pleased, and have no regrets to make for having "been along."

This was one of the most strenuous encampments the military boys have witnessed, as they were sent for instruction purely, and there was no social functions to break up the monotony of this life. Every soldier who attended knows a great deal more, however, about real military life than he knew before.

Mr. Williams possesses the Democratic requirements for the position, for he is a Democrat, honest, and probably the ablest leader in Congress, with the possible exception of Tillman, and men equally as able.

Mr. Bryan's enthusiasm. But The Commoner suits us too when it exclaims: "Let the Democratic party go into the campaign of 1908 at prevailing prices and it ought to bring $20. Let it be planted close to the ground and it will solemnly resolve that when it comes up again it will be a condition to be reckoned with. The best thing for them is almost anything doing in 1908."

Governor Swanson has appointed Hon. Claude A. Swanson, brother of the governor, to succeed the late John Sharp Williams. Claude is a splendid leader in Congress, and we commend him as the most available candidate for President for the Democratic party to unite upon. Mr. Williams possesses the Democratic requirements for the position, for he is a Democrat, honest, and probably the ablest leader in Congress, with the possible exception of Tillman, and men equally as able.

## GOVERNMENTS AS COLLECTORS.

The assurance of two such eminent authorities as Secretary Root and John W. Foster that the Hague Conference was not a failure, ought to go far toward establishing that fact, however skeptical the mere man in "the street" is of the outcome. Both Mr. Foster and Secretary Root lay stress on an accomplishment that is of especial interest to Americans, that is the agreement of the conference to respect the so-called Drago Doctrine. This is a supplement to the Monroe Doctrine and dictates that no foreign power shall attempt to collect debts by force from American territory. This was brought about by the numerous attempts that have been made by foreign powers to blockade ports and administer custom houses of small South American States that have defaulted in their bond indebtedness. Europe has a great deal of money of her subjects tied up in South America. Some of the small States have willfully, and some unavoidably, defaulted on these obligations. But it was pointed out to the members of the conference that the thing that attracted European capital to South America was high interest. Lenders could place their money in many places in the civilized world where it would be absolutely safe at a low rate of interest. But many of them, attracted by the high rate, have invested in South America. The Hague holds that financial adventurers who take risks of that sort ought to be willing to abide by the consequences, and not make their governments debt-collecting agencies. The United States takes that view of the case and has managed to argue the majority of the powers into the same frame of mind. So debt-collecting by force in South America is hereafter a prohibited game, and with it goes much of the danger of territorial aggression. This much the Hague has accomplished, and the American statesmen seem to think it is at least something to pay for the summer's work.

A number of persons in Alachua county who made application for pension under the law enacted by the last Legislature are growing restless because they have not received warrants for the past quarter. They should bear in mind, however, that the State Board of Pensions have some ten thousand applications to pass upon, and it is no small job. If your claim is allowed you will receive pay from date of filing your application, but you should not mistake the receipt of a card from the secretary of the board stating your claim has been filed for the statement that it has been approved. You will be notified as to final action on your claim at some future time, and until then you need not expect a warrant.

To say the least of it, Park Trammell is rather a young man to attempt to "break into" the United States Senate. His only legislative experience has been in the Florida Senate, and The Sun knows of nothing he has done during his term in that body that should warrant the people in displacing such a faithful public servant as Senator Mallory with Mr. Trammell. The latter is a good man in his way, but he is not sufficiently experienced or ripe in years to occupy Mallory's seat.

In his Indianapolis cocktail speech on June 4th last, President Roosevelt said: "Wherever evil doers can be, they shall be brought to justice; and no criminal, high or low, whom we can reach will receive immunity." Yet while he was saying this, he knew that the Alton people would receive immunity. He had pledged himself to secure immunity for them. How can he explain this inconsistency?

That Black Dark Miner, hunter who shot a bear with the initials "T. R." in big letters on his side, missed the chance of his life time by not capturing him alive and getting him into the Louisiana canebrakes in time.

The census bureau is authority for the statement that there are about 20,000,000 women over the age of 20 in the United States. It may be true, but we can't help wondering how the bureau found it out.

The parties who assured the President that bears are so numerous in the Louisiana canebrakes that visitors stumble over them have a formidable job of explaining ahead of them.

## WAS CURED BY CUTICURA AFTER YEAR OF TORTURE

"I was suffering with eczema for a year and had tried all kinds of medical treatment but without any results. Small pimples broke out around my waist-line and where the clothing was tight on the body. These pimples began to enlarge and thicken until they formed in patches. Then it spread upward until my face was covered. At first I did not notice it much until I became warm from working. Then it seemed almost unbearable as the parts seemed inflamed and itched so that I could hardly keep from scratching it all the time. The places were rather scaly and became moist when rubbed. Afterward the skin seemed parched and highly discolored. I remained indoors as I was ashamed to be out in company. I had suffered for about seven months before I tried Cuticura Soap, Cuticura Ointment, and Cuticura Pills. After I had used them a week I found great relief and I continued for five weeks, not missing a single day and now you could not tell I had ever had eczema. My complexion is as good, if not better than ever, and I cannot find words sufficient to do the Cuticura Remedies justice." Minnie Hutchins, La Cygne, Kan., Apr. 19 and 30, 1907.

# THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

**The Well Informed of the World.**

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

**A Knowledge of Forms, Knowledge of Functions and Knowledge of Products** are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

**Known Quality, Known Excellence and Known Component Parts** and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

# FLORIDA GROWERS MAY GET RELIEF

**Gained First Victory Through Efforts of Association.**

**INTERSTATE COMMISSION HAS**

**Taken Into Consideration the Prayer of the Growers and Shippers of Florida, and Case Set for Argument on Wednesday, November 13.**

From Sunday's Daily Sun.

It appears that the efforts of the Florida Fruit and Vegetable Shippers' Protective Association, of which F. D. Warner of this city is president, is about to accomplish the purpose for which in a large measure it was organized at the original suggestion of Mr. Warner and other members of the Gainesville Melon Growers' Association last year.

It has been said that the fruit and vegetable growers and shippers of Florida have for years been discriminated against by the transportation companies in the matter of rates, etc., and Mr. Warner, with other energetic growers and shippers, determined if possible to put an end to this discrimination, and with this object in view they succeeded in interesting a large number of growers of the State, finally perfecting a State organization.

Immediately after the organization, the associations, through a committee, submitted its grievances to the Interstate Commerce Commission, and President Warner has received a letter from the commission to the effect that Wednesday, November 13, has been set aside for a hearing before the commission in the case. This is quite encouraging, for President Warner feels sure the commission will at once realize the discrimination as charged, and will furnish a remedy for the situation by which every grower and shipper in the State will be benefited.

Mr. Warner, with members of the association from other sections of Florida, will be present at this hearing.

### THE BERMUDA ONION.

**Florida Soil Said to be Adapted to Its Culture.**

We have urged our readers, says The Florida Agriculturist, to try Bermuda onions. They can be successfully grown in this State, and profitably, we feel sure. The crop has the great advantage that it is not absolutely necessary to market the crop as soon as gathered. As with all crops, the sooner it is sold the better, as a rule, yet if the market for onions is depressed, they may be held for a long time with only the loss of weight which will be caused by their drying out. If they are sold by weight, as is the case in Texas, the sooner they are sold the heavier they will be. A Texas correspondent of The Cleveland Leader writes as follows:

"The harvesting of the season's Bermuda onion crop in Texas is pretty well finished. The shipments from this region are now practically over, but a number of cars are yet to be shipped from more northern points.

"Laredo is the center of the Bermuda onion industry in this State. The crop this year was about 1,500 cars, of about 15,000 pounds to the car, or a total of 37,500,000 pounds of onions. The shipments from Laredo were more than 50 cars. The total profits to the growers exceed $1,000,000.

"Bermuda onion farming has brought more wealth to the people of this border town during the last five years than was derived from all other crops combined during the preceding 100 years. As a matter of fact, there was very little farming or truck growing of any kind done around Laredo until the discovery was made a few years ago that it was an ideal place for raising Bermuda onions.

"The pioneer onion grower here is J. C. Nye, who has made a fortune out of the business. His success attracted others, and each year since he made his crop additional acreage has been planted in onions, until now most of the irrigable land in the vicinity of Laredo is devoted to the new industry.

"The profits are enormous—so large, in fact, that it is hard to make uninformed people believe the stories told of the rapid accumulation of wealth from this source. There are a number of instances of men who came here three or four years ago with a capital of a few hundred dollars, and who are now worth thousands. The net profits to the acre run from $500 to $700 a season.

"Mr. Nye kept an account of the crop of five acres of his land for four consecutive years. For the four years off this five acres he gathered and sold $9,312 worth of onions. Most of the other land did as well or better. The yield on the five acres for the four years is below the average.

"The average yield of onions to the acre in the Laredo territory this season was more than 20,000 pounds. The crop sold for from 2½ to 3 cents a pound, delivered in the cars here."

After an absence from this city of nearly five years, during which time he was with his family in McBeath, S. C., Gordon M. Wienges has returned to Gainesville, and has again taken up the reins as office deputy to Sheriff L. W. Fennell.

Mr. Wienges knows the profession in which he has again embarked from A to Z. For twenty years he was constantly employed as office deputy, being under Sheriffs S. H. Wienges, Sam Tucker and L. W. Fennell. Five years ago, owing to the ill health of his wife in South Carolina, he relinquished his position to go to his family, but his good wife having improved, he has come back to resume his old position, which will be gratifying news to the people of Alachua county.

Mr. Wienges is welcomed home again, and his old friends will be glad to meet him at the sheriff's desk.

# BLIND TIGER CASES AGAIN IN COURT

Three Negroes Brought to Gainesville for Alleged Violation.

THEY ALL CAME FROM MICANOPY

They Were Charged With Selling Whiskey to Employes of Naval Stores and Timber Companies, and Were Committed by Justice Smith.

Because it was alleged they would persist in selling whiskey in a county which had voted against the sale of same, three negroes, Thomas Jackson, Robert Kinsler and Henry Harrison committed in Justice J. W. Smith's court in Micanopy, have been brought to this city and placed in jail to await the order of the fall term of the circuit court for Alachua county.

It is stated that these men have been engaged in the illicit sale of liquor for a long time, selling the "drop of the" to the negroes employed in the turpentine farms, in the sawmills and in fact to everyone it was possible to make a sale. As a matter of course these facts are to be proven but witnesses will be produced to convict them, the officers declare.

Jackson and Kinsler were arrested by Deputy Sheriff C. H. Chrisman. Harrison fell before the watchful eye of Deputy Sheriff W. M. Burk.

Failing to give bond, the defendants were brought to Gainesville, where they will have to remain in jail until their cases are disposed of.

### West Gainesville Improvements.

There are many improvements going on in West Gainesville at present and the progressive citizens of that section of the city are bound to keep in line. Among these improvements is an addition of two rooms to the home owned and occupied by Mr. and Mrs. William Cromwell, West Orange street. This will add a great deal to the appearance of the home, to say nothing of the conveniences which will accrue.

Mr. Cromwell owns one of the neatest and most attractive homes in West Gainesville.

## THE COMING STATE FAIR.

### Intoxicating Liquors Not to Be Sold on or Near Fair Grounds.

Tampa, Fla., Oct. 28.—Throughout the entire State satisfaction is expressed at the fact that the Florida State Fair is to be held in Tampa from February 5th to 22nd—when the tourist season is at its fullest height—instead of in November. Thousands of tourists will then attend the fair, making the number of visitors from other States five or ten times larger than that of former fairs.

State fairs held in Tampa for three years past have proved to be grand successes in every particular, and especially in attracting homeseekers to various sections of the State. That of February will be on an infinitely larger scale, however; the attendance of homeseekers and prospective investors will be much larger, a large number of counties and individuals will be represented in the various departments of exhibition, and the horse races and other amusements will be of a higher class. The directors of the fair will positively allow no attraction of a cheap character on the grounds.

General satisfaction has been expressed at the fact that the directors will not allow the sale of intoxicating liquors on or near the fair grounds, all directors being unanimously opposed to such sales. The Tampa City Council, which has the legal right to prevent saloons being placed anywhere near the grounds, stands emphatically with the directors on this subject. No ill results have been reported from the sale of intoxicants on the grounds in former years, but the directors, out of deference to the views of thousands of Floridians—men, women and children—will under no circumstances countenance the sale.

Enthused over the prospects for good to Florida, the railroads have decided to grant low rates from all sections on account of the fair. This they will do in spite of the fact that the granting of such rates will affect their tourist business. Many prominent men are expected to attend the fair, including William Jennings Bryan, Governor Hoke Smith of Georgia, Governor Folk of Missouri, and others.

Every county in Florida should be represented.

## PERSONAL AND SOCIAL ITEMS

**What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.**

*From Tuesday's Daily Sun:*

Lee Hoffman of Meredith spent Sunday with friends in this city.

Born, to Mr. and Mrs. I. V. Wiggins on Sunday evening, a fine boy. Friends extend congratulations.

W. C. Roberson of Bell was in the city yesterday on business connected with the United States land office.

M. Forman returned to his home at High Springs Monday, after a business visit to this city of two or three days.

Mrs. J. R. Plummer has returned from Monticook, where she has been on a pleasant visit to her parents for the past few days.

Friends of Mr. and Mrs. M. J. Cannon will regret to learn of the illness of their little daughter, Annona, who is suffering with fever.

R. W. Higdon, a prominent merchant of High Springs, and proprietor of the Casey House, was a business visitor to this city yesterday.

George Law of Arredondo, for many years section foreman of the Seaboard Air Line at that point, was a business visitor to this city yesterday.

Never can tell when you'll mash a finger or suffer a cut, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

Dr. B. M. Tison has returned from Sewannee, Tenn., where he has been attending the University of the South. Dr. Tison has graduated in medicine, and his friends congratulate him.

Col. and Mrs. H. F. Dutton have arrived from Vermont. Mrs. Dutton spent the summer in that State, her husband making occasional trips there during the time. Friends are glad to welcome them back again.

L. A. Vidal of Port Inglis and E. F. Vidal of Newberry have returned to their respective homes, after a brief but pleasant visit to their brother, J. H. Vidal and family, in this city. E. F. Vidal is a prominent druggist of Newberry.

S. E. Bauknight, one of Micanopy's well-known citizens, was a business visitor to Gainesville yesterday. Mr. Bauknight formerly resided here for some time, and has many friends who are always glad to see him.

Mrs. Claudia Townsend of Tampa, after a pleasant visit to her mother, Mrs. A. H. Leonard, in this city, has returned to her home. She was formerly Miss Claudia Bennett, and has many friends who were glad to see her again.

Mrs. Sarah K. Metz and daughter, Miss Willie Metz, have arrived in the city from Augusta, Ga. They are well known in Gainesville, and will no doubt spend the winter here. They are at present pleasantly located at the home of Mrs. A. L. Foster.

Cashier Strickland, of the newly organized Citizens' Bank of Waldo, was in the city a day or two recently in the interest of the bank. He states that the new bank is starting out with the approval of the people of Waldo and vicinity, as the business already extended the institution indicates.

Miss Annie Butler, who has been in the office of Dr. Gordon B. Tison for several months as a student of dentistry, has gone to Atlanta, where she has entered the Southern Dental College. Her sister, Miss Ethel Butler, is visiting her at Dr. Tison's during her absence.

Mrs. Buchannon of Macon, Ga., has returned to her home, after a visit to her sister, Mrs. J. H. Keller, in this city. Mrs. Buchannon was formerly Miss Lula Gruelle, and has many friends here who were glad of the opportunity to welcome her to her old home.

Mrs. W. S. Yearwood and children of Melrose arrived in the city yesterday. The former returned to her home in the afternoon, but Mrs. Yearwood and children will remain here for several days as guests of Mrs. Yearwood's sister, Mrs. J. H. Keller, East Arlington street.

Among the visitors to Gainesville yesterday was J. Alex Little of Jacksonville, who is interested considerably in property in the West End. Messrs. Little and J. W. Patton left in the afternoon for Trenton on a surveying and prospecting tour, and expect to be absent about three or four days.

F. W. Weylman, the clever advance agent of the C. W. Park Shows, has arrived in the city for the purpose of arranging for the appearance of this favorite aggregation for one week here, beginning next Monday. This will indeed be good news to the Gainesville public, as the Park's are favorites here.

Friends of Miss Belle Sadler, who has been ill at Sautee, Ga., where she is occupying a chair on the faculty of Brenau College, will be gratified to learn that her condition is improving. Her mother, Mrs. Julia Sadler, was summoned to the bedside by telegram a few days ago, but found the patient much improved.

Hague Strickland, who has been conducting a farm at Paradise for the past three years, has accepted a position with the Dutton Phosphate Company at Clark, and assumed his duties yesterday. Mr. Strickland is one of Alachua county's most widely known young men, and will make his employers a valuable man.

Horse-traders Sparrow and Brewer and their families are again in camp in the North Gainesville grove, after an absence from this section of several weeks. These people are well known throughout this part of the State, as they have been regular visitors for the past twenty years or more. They are different from the average traveling traders, and the good people of North Gainesville always extend them a cordial welcome.

Master Frank Douglas, upon whom a surgical operation was performed a few days ago at the Odd Fellows' Sanitarium, and who has since been critically ill, is slowly improving, which will be gratifying information to friends of the little man and his parents. For two days it was thought he could not live, and almost every hope was given up for him; but a change has come for the better, and if it continues the patient will yet survive.

C. C. Frasier is in the city. He came to visit his daughter, Miss Lila, who has been confined at the Odd Fellows' Sanitarium for the past three weeks from an operation for appendicitis. Friends of the young lady will be pleased to learn that she has about recovered, and will return to her home in a day or two. Miss Frasier began the term of the Arredondo school, where she taught only a few days before taking ill. She was quite popular among the patrons and pupils of the school, all of whom hope to see her resume her duties in a short time.

Hon. J. M. Rivers, State attorney for the Eighth Judicial Circuit, has returned from Palatka, where he has been attending the session of the circuit court of Putnam county. Col. Rivers succeeded in securing twelve convictions out of nineteen criminal cases, one of which was the case of the State vs. Vance Johnson for the murder of John A. Germond at Edgar a few months ago. The verdict was returned for murder in the first degree, without recommendation. This was the first verdict of that gravity rendered in Putnam for more than fifteen years.

First-class horseshoer wanted at once. Benson & Son, Gainesville, Fla.

Mrs. W. R. Thomas and children have returned from the mountains of North Carolina, where they spent a most delightful summer.

The numerous friends of Mr. S. H. Wienges, who have been anxious regarding her condition, will be gratified to learn that she is improving.

Mrs. T. B. Ellis, Sr., has returned from Waldo, where for the past three or four weeks she has been as a guest of her daughter, Mrs. Chas. Marks.

Dr. Clarence B. Strouse of Salem, Va., arrived in the city last night and is the guest of Dr. and Mrs. J. F. McKinstry, Jr. Dr. Strouse's many friends gladly welcome him to Gainesville.

R. C. Evans of Evinston was in the city yesterday. Mr. Evins, who is a very prominent young business man of that section, is a member of the firm of Wood & Evins, general merchants.

Mr. and Mrs. Ed. S. Kennard have removed from their former residence on East Lassiter street to the corner of North Seventh and West Seminary streets, where they are now pleasantly located.

Mon. Robt. B. Weeks of Hawthorn, chairman of the Board of Public Instruction, was in the city yesterday. Mr. Weeks came on private business, but had time to talk with a few of his friends.

John L. Chesser and family, who have been residing in South Gainesville for the past year or more, have moved to one of the new houses Mr. Chesser recently built on South Sixth street, near the University.

H. E. Watts had the misfortune on Friday night of the past week to lose a fine mule, which it is said died with colic. The animal was one of the best in this section, and Mr. Watts' friends sympathize with him in his misfortune.

William Littledale of Hawthorn was in the city for a few hours yesterday. He was en route to Alachua and other points in the interest of the confectionery firm he represents in Jacksonville, and expects to return to Gainesville Friday.

No home is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50 cents. It will cure every member of the family of constipation, sick headache or stomach trouble. J. W. McCollum & Co.

Gallagher Bros., commission merchants, Chicago, Ill., have an advertisement in today's Sun which should be read by fruit and vegetable growers. This is one of the best houses in the country, and they solicit your patronage with the guarantee of satisfaction.

Mrs. J. D. Stringfellow and her charming niece, Miss Bessie King, have returned from an extended trip to New York. En route home they visited relatives at various points in North and South Carolina, and report a most pleasant trip. Friends of these estimable ladies are delighted to welcome them home again.

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. J. W. McCollum & Co.

Robert Dixon has been appointed by Justice Colman a special constable. Robert is one of those fellows who even sleeps with his eyes open, so offenders of the law had better watch out—even those who contemplate offending the great constitution of the State of Florida had better move slowly, for Robert will be "Johnny on the Spot."

B. B. Keep, a prominent fruit grower of Boardman, has been in town for the past few days, having come here to have some dental work done. Mr. Keep at one time owned one of the finest orange groves in Marion county, and his friends will be glad to learn that the same is again in good condition, having been "brought out" by hard work.

W. E. Kennedy, a well-known orange grower and trucker of Evinston, was in the city for a few hours on business yesterday. Mr. Kennedy has recently sold his place, which comprises a small but handsome grove, to C. M. Holloway of Kentucky, who expects to make that his winter home. Mrs. Kennedy has not yet decided upon his future movements. He may remain in that vicinity, or he may decide to go further South and engage in trucking exclusively on an extensive plan. He is a most progressive young man, and the people of Evinston would regret very much to lose him.

Among the visitors to this city yesterday was Hon. John G. Dampier of Hague, chairman of the Board of County Commissioners of Alachua county, and a man who is interesting himself a great deal in public affairs at this time, especially good roads. Mr. Dampier believes that good roads are the proper thing for any community, and has his heart set on giving the people of the whole county something in that line which will not only prove of benefit to them, but to their children, their grand-children and their great grand-children. In his effort he has the co-operation of the best people of this county.
